

Monday morning, Nov. 17. '62.
Dear E.

The watch I got of Mr. H. for 12 dolls I believe I sold for 20. Another wh. I got from Rochester by mail with one for Sibley at a cost of 15 I have just sold for 35. I can just as well sell more in the same way as not. They are worth that here, & are better & cheaper than the boys can get them in the city. & lots of them want to carry watches now & have got money to pay for them, & they had better have a good watch than waste their money in other ways. Let Mr. H. himself read the other half of the sheet. The mail is just closing. I was ^{fully} off. of day yesterday & last night, & had to ride 15 miles after midnight, to visit the outside mounted Pickets in all directions. I felt this morning the worse for wear. Yours, Lansing
