Brother Joseph

We have all arrived safe. By your letter to Mr Norton, we understand you intend to take Kale & Kinna to New York, without bringing them here. Mr Williams, & all, think it ^{would} be most unexpedient not to have Kinna come, as he is the chief stimulator of the others to staidy. We hope you will come without fail, as soon as the trial is through. I understood that to be your intention when I left you but for fear I misunderstood you I write you this note. The Officers are all anxious to have Kinna, & Kale come, but especially Kinna, as he is the principal interpreter -

Yours with much love

P.S. Singuuz is rather sad - anxious to have the girls released from Penitentiary -
