

8  
NO. 18

Report on the sixteen individuals who, with the permission of the Governor, have inns and public places, and pay severally every three months the annual tax to the (Office of) Estates, under my charge, of this City of New Orleans. To wit:

Taxes on Inns and Public Establishments	Second Payment for the year of 1794	Pesos
--------------------------------------------	----------------------------------------	-------

Juan Lana, with the others who are named as follows, paid ten pesos as the tax corresponding to the three months of April, May and June, at the rate of forty pesos that they must pay annually for the permit for Inn and Public Establishment that they hold. (List of names follows; all pay 10 pesos.)		10.
---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	-----

Claudio Chavo, paid only five pesos for said three months for having been only in possession of the permit for an Inn without having an Establishment, at the rate of twenty pesos that he must pay annually for said Inn.		5.
----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	----

Juan Utran, with the others who are named as follows, paid fifteen pesos as that (tax) corresponding to the three months mentioned at the rate of sixty pesos annually for the permit that they hold for the Inn and two (Villar) tables during the time they have been held.		15.
-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	-----

(Two other names follow)

Total 170.

The total of this Report amounts to one hundred seventy pesos, of which I make accounting. New Orleans, thirtieth of June of seventeen hundred ninety-four.

(Signed) Juan de Costanedo
