Hartford April 21 1879

Dear Mr Holt,

If you will send me the  
draft on London (to my order)  
for fifty dollars, I will at once  
forward it to my correspondent,  
and we will begin the hunt of  
the noble Captain John &  
his native soil.

The missing volume of Taine's  
English Literature is the second.  
It is the edition of 1871, Holt &  
Williams - bound in reddish brown  
marble, with the arms of England  
on the cover.

Yours sincerely  
Chas. D. Warner
