President of the University

PIERCE BUTLER, B.A., M.A., PH.D.
Dean of Newcomb College

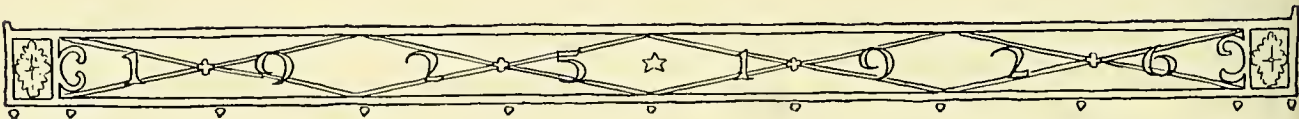

EDWARD A. BECHTEL, A.B., M.A., PH.D.
Dean of the College of Arts and Sciences

College of Arts and Sciences

The College of Liberal Arts and Sciences, with an enrollment of some 400 Students, a faculty of about 50 members, and twenty-five separate departments, is the largest subdivision of the University. Besides the very wide opportunity for thorough training in the humanities and sciences both for graduate students and undergraduates, it includes studies in chemistry, philosophy and theology. Under the present departmental organization of the University, this college provides instruction needed for the students registered in the other colleges of the University in subjects like English, modern languages, chemistry, and mathematics.

More than one-half of the total energy devoted to teaching by the staff of the College of Arts and Sciences is spent upon students enrolled in other colleges.

DOUGLAS SMITH ANDERSON, B.E., M.E.
Dean of the College of Engineering

The College of Engineering

The College of Engineering offers courses of professional training in the fundamental principles underlying the various branches of Engineering and Architecture. The formulation of these courses is the outgrowth of the best thought of educators and the engineering profession and of our own experience during the last two decades.

The technical studies in the College of Engineering are contained in four divisions called schools. The schools are divided into departments. A department includes subjects, or groups of subjects, which are similar in nature. The Schools are: Mechanical and Electrical Engineering; Civil Engineering; Chemical Engineering; Architecture.

No candidate for a degree is allowed to restrict himself to the narrow training which might be imparted by any one school. Work in the technical departments of one of the above schools is made the backbone or principal part of a four years' course, and supplemental work is required in other schools in the college.

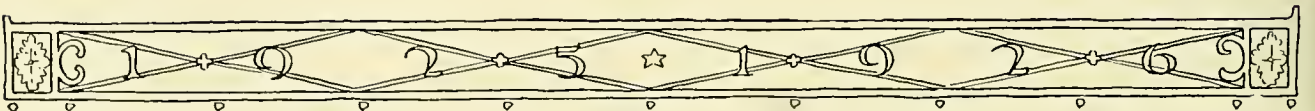

MORTON ARNOLD ALDRICH, B.A., Ph.D.
Dean of the College of Commerce and Business Administration

The College of Commerce

The purpose of this College has been since its establishment in 1914, to offer substantial professional training preparatory to a business career. The instruction offered is planned for students sufficiently able and mature to do work of university grade, and no student is received unless prepared to do work of this character. It is essential also to the permanent success of the College that its students approach their work in an earnest professional spirit. Students failing to do so may expect to be asked to withdraw.

In order to make the courses available for business men and women, classes are also held at night from 8 to 9:45. These classes meet in the Association of Commerce building, each course being held one night in each week. By thus devoting only one night, a student may take any of the night courses offered.

JUDGE RUFUS EDWARD FOSTER, LL.B.
Dean of the College of Law

The College of Law

The Tulane College of Law has been in existence since 1847, when it was known as the Law Department of the University of Louisiana, which subsequently became Tulane University.

The purpose of the College of Law is to educate men for successful practice in the courts of Louisiana and in the Federal courts. In all courses special attention is paid to the Louisiana statutes and decisions, but this in no way lessens the value of such courses for students who come from other states. The aim of the College is, through the study and analysis of cases, to develop a legal mind and to ground it in legal principles.

To this end the college has selected instructors for their fitness to teach and to train and for their willingness to devote themselves enthusiastically to these objects.

The college provides a large and well selected law library by the use of which students become familiar with the extensive sources of the law and learn "how to find the law." Its courses cover every important topic, and a period of three years' study of law is required for graduation, enabling the student to become thorough in discipline and knowledge.

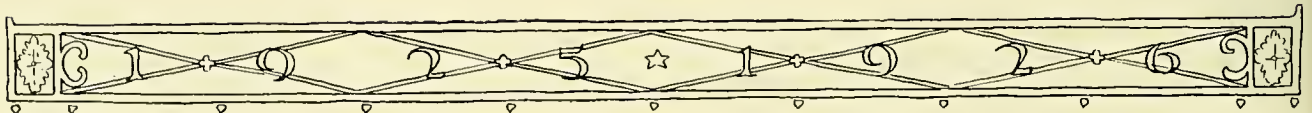

Beginning with the 1925-1926 session, credits of two years' study in the College of Arts and Sciences will be required before entering the College of Law.

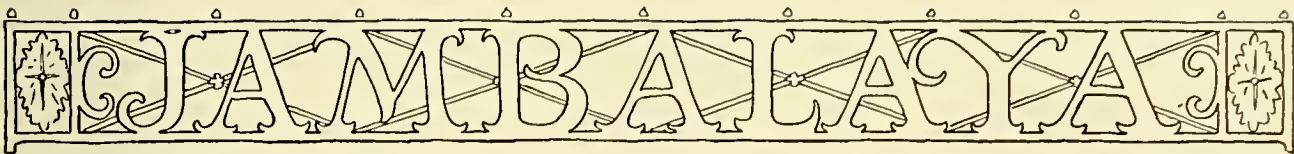

The Graduate School

The Graduate School offers to men and women the opportunity of extending and rendering more thorough the scholarship obtained in the undergraduate courses, and of advancing the boundaries of knowledge by specialized work and original research.

Properly prepared students who have obtained a baccalaureate degree and who are not candidates for a degree may be admitted, it being understood that the work undertaken by them must be all of a grade higher than that required for the baccalaureate degree. The admission of such students will be upon sanction of the professors under whom they are to study and of the Committee on Graduate Studies. The Graduate work done by this class of special students shall in no case count toward the acquisition of an advanced degree.

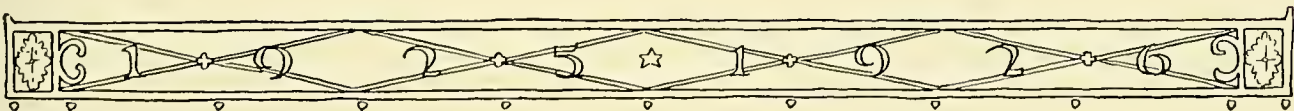

CHARLES CASSIDY BASS, M.D.
Dean of the School of Medicine and Pharmacy

The College of Medicine

Emerson once said, and very truly, "The first wealth is health." It is more precious to a people than good roads; the improvements of rivers and harbors; the enlargement of army or navy; the extension of commerce; the fostering of agriculture, or the conservation of natural resources. Upon good health depends efficiency and happiness. The line between efficiency and inefficiency is drawn upon the ability of the individual to go to work today; that between happiness and unhappiness upon the ability to enjoy the work of today.

Health is the great problem of life. In the past health has been dependent largely upon curative medicine. In the future it will be largely dependent upon preventive medicine. Statistics show that every fifty seconds a life is lost to our country through preventable diseases. Medical science believes that the known preventable diseases constitute only a fraction of those that can be prevented.

Ever since its establishment in 1834, the Medical College of Tulane University has been doing its utmost to raise a standard of medical education throughout the country. Now, after ninety years of active existence, it has taken its place with the leading medical colleges, not only of the state and country, but of the whole world.

ALFRED ARCHINARD LEEFE, D.D.S.

Dean of the School of Dentistry

The College of Dentistry

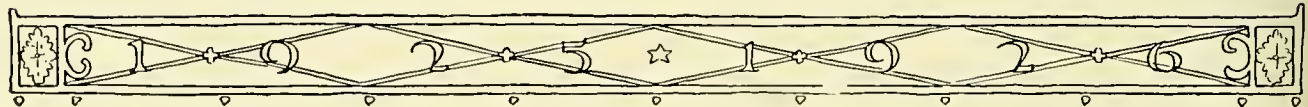

The School of Dentistry was organized twenty-six years ago as the New Orleans College of Dentistry, and in October, 1909, became the Dental Department of Tulane University of Louisiana. With this consolidation the equipment was largely added to, increasing materially the facilities for instruction. Additions to the equipment will be made each season as the progress of modern dentistry demands.

Beginning with the session of 1913-1914, the title of the Dental Department was changed to the School of Dentistry of the College of Medicine.

The school is a member of the American Association of Dental Schools, and is recognized by the National Association of Dental Examiners.

Beginning with the session of 1917-1918, the School of Dentistry has offered a four year course, leading to the degree of Doctor of Dental Surgery.

The School of Dentistry, beginning with the 1925-1926 session, requires a student to have successfully completed one year's study in the College of Arts and Sciences before enrolling in the Freshman class, thus making the study of dentistry a five-year course. It is for this reason that no Freshman class was enrolled this year.

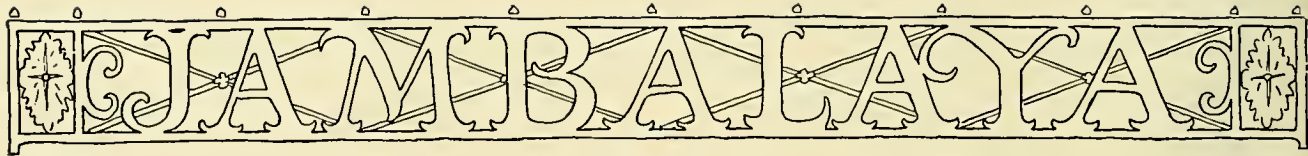

GEORGE STUART BROWN, M.Ph., M.D.
Chairman of the Faculty of the School of Pharmacy

The School of Pharmacy

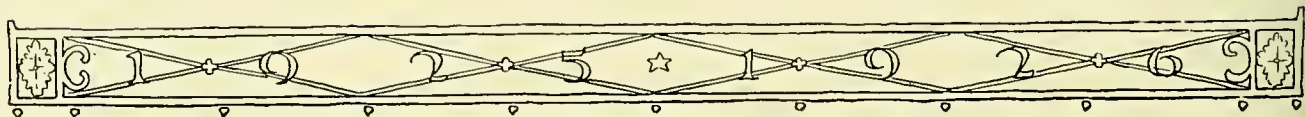

This school was established in 1838. In 1908, the Pharmaceutical School of the Medical Department became the Department of Pharmacy of the Tulane University of Louisiana, and in 1913, with the reorganization of the divisions of the University related to Medicine, the School of Pharmacy became a part of the reconstituted College of Medicine.

The school holds membership in the American Conference of Pharmaceutical Faculties, organized to promote the interests of pharmaceutical education.

When he came here from Alabama six years ago we called him Wallace but now we feel that we wish to take the second name Alexander—Yes, Alexander the Great. Wallace has that kind of a disposition, that is easy for him to make friends and a personality to hold them. He has that distinction of being at the head of every social organization of which he was a member. It may be said that every man who knows Clyde would like to have him for a brother. As for his future, we will say that any city will be proud to have his name on its social register now, and the medical profession will some day be greatly benefited by his choice.

B.S.; Alpha Omega Alpha

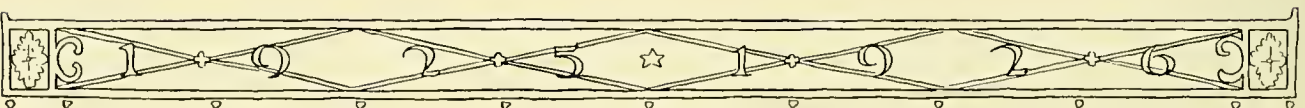

Interclass Wrestling, '20, '21; Southern A. A. U. Wrestling Championship, '20; Varsity Wrestling, '23; Class Secretary and Treasurer, '25.

Valuables come in small packages, so it is with Charlie. Though he is small he is powerful. A stick of giant powder is not very large. But the best part of the story lies in the fact that he differs from most strong men in that the most of his strength lies above his neck, now that is saying a great deal, for is he not one of the best wrestlers of his weight in the entire south.

NELSON, MRS. A. B. Shreveport, Louisiana

(Not in panel)

She says that only when she has been cured of some incurable malady by a patent medicine will her picture be printed, and as our book is no advertisement for patent medicine, we can not have a picture of Mrs. Nelson for our book. She is loyal to her class in all respects except this one.

Cecil has been with us four years, and in every way has shown himself a worthy representative of the Tarheel state. He is a man among men, and a sheik among women; if you don't believe this, just follow him around some dark night. However, he's a true friend and a hard worker, and we believe will make his mark in the medical profession.

SCHAEFER, SUZANNE Evanston, Illinois
B.S. Northwestern University

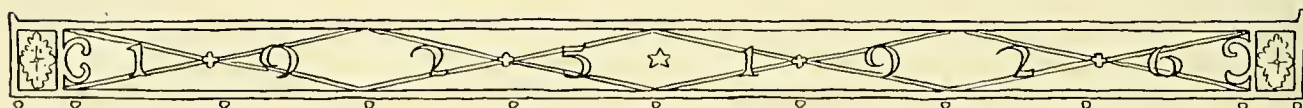

A reputation for good judgment, fair dealing, truth, and rectitude is in itself a fortune. Miss Schaefer came to us four years ago with one of the best records ever made at Northwestern and is leaving with one of the best made at Tulane. Sue was just the type of girl who made an ideal classmate—always pleasant, never got offended, never too busy to help you, and was always looking out for the other fellows. Do you wonder that we all love and respect her? Dr. Schaefer will some day be listed among the great women of America.

SHACKELFORD, JOHN W., JR. Carrollton, Mississippi

Everyone knows that when a judge has an important decision to render and has need for deep thought he becomes silent and from this silence rare judgment is born. Thus from his rare silence and pensiveness we see mature thought come from our Shack.

SIMS, ALPHONSO R. Richland, Georgia
Pi Kappa Phi; Chi Zeta Chi.

Winner of Checker Tournament (1-2), Class Baseball (1-2), Class Basketball (1-2).
Ad; Lofus; Admiral Sims is a man of many names, as is easily seen. But his capabilities as a good student are not outnumbered by his numerous cognomens. Though not prone to manifest physical exertion of any marked degree he possesses a keen analytical and practical mind that will assure him unlimited success in his chosen profession. His genial nature and prevailing smile has made him one of the most popular boys in the class.

SMITH, PRENTISS EDWARD New Augusta, Mississippi
(Picture on page 80) B.S. Degree University of Mississippi.

P. E. brought a reputation to us from Ole Miss and this reputation has not suffered in the transference. He has an ingrained love for his profession as his father is a doctor ahead of him. Here again the transferring has not wrought havoc with the transferred, for he is going to carry on the profession as it was carried on before being handed down to him.

True to his work, his word, his friends—with ever a helping hand for others—such has made "Smitty" a friend of all. In six brief years his accomplishments have become innumerable—two trips to Europe, a tour of the U. S., two degrees, a wife and a son. He's bound to make a name in medicine.

SMITH, THOMAS JULIAN Davidson, North Carolina
Theta Kappa Psi; Delta Sigma Phi.

One day a sleek, sly, sheik folded his tent and silently stole away from the Old North State and came to the land where the creoles live. And in this far land, with his sublime and jocund ways, he has stole their hearts and loves. T. J. has likewise shown the same characteristics for the acquisition of medical learning, and when he embarks upon the sea of life and struggle we feel sure he will sheik his way to success.

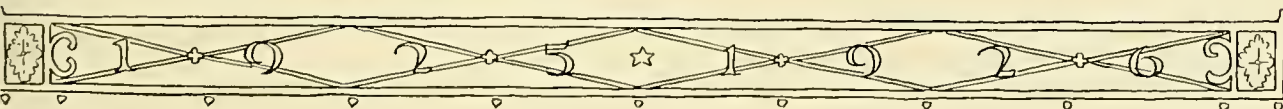

SPENCER, LEON OPAL Goshen, Alabama

Dear old "Spencer" came to us from Alabama. Ambitions, yet sympathetic and kind, courteous, never failing in his obligations to others; fortunate indeed is the man who can call him friend. A Solomon come to judgment. Bob has a mature mind which has the rare ability to give weighty problems the consideration which they should have. Coupled with this is a personality that demands true friendship from all, and gives true friendship in return. A friend in need is a friend indeed, and such he may always be counted.

SWANN, CECIL COLLINS Marion, Alabama
Sigma Nu; Alpha Kappa Kappa.
Pathogens; Owl Club.

"Dunk" has been with us during our entire four years of battle, ever conscientious in his work but never too busy to throw a bit of "good fellowship" into his makeup. With his natural ability, sincerity, and enviable personality we know he will do great things for his chosen profession.

TAYLOR, RIVES WILLIAM Oxford, North Carolina
Theta Kappa Psi.

Better known as "Herc," not from his strength physically but rather his mental qualities. His entire makeup embodies those essentials necessary for a true follower of Aesculapius. Sincerity, the keynote of success, is his "creed." He is sincere of purpose towards his fellowmen, but the most striking part (even while in New Orleans) is his sincerity towards his girl back in Carolina.

TEXADA, BLANCHARD HICKMAN Boyce, Louisiana
Sigma Alpha Epsilon; Phi Chi.

Here is a man who has proven himself to be the morning, evening, and all-time star. He stormed down upon us with a fury that rocked the very foundation of Newcomb and the other institutions. His indifference and blase attitude toward the weaker sex has resulted in his being the pinnacle for which more than one poor girl has reached in vain. Long live the goodly name of Texada.

To know Tom is to know one of the "finest Castillian" strain and one who is a gentleman at all times, even to the point of joketelling. He appeals to the stronger and weaker sex alike, with friends galore among both. In his studies, he was diligent, though questioning those things not practical. Keen observation, clear thinking and strong personality are some of Tom's attributes. He possesses fully those qualities which are necessary to achieve greatness in the medical profession.

Sound judgment and infallible logic have won for Garland an enviable record at Tulane. He is one of those rare persons who can mix his fun with his work and yet finish at the top of his class. He enjoys the distinction of being the youngest member in his class and Hippocrates might well be proud to claim this son who is not yet a man. With his energy and ability to apply himself we predict for him a bright success in his chosen profession.

WALTRIP, OLIVER HAROLD Fort Worth, Texas

No introduction is necessary—everyone knows that good looking man from Fort Worth, especially the ladies. That is not by far the only reason why he is so well known, liked, and admired. A faithful friend to all his friends and to his enemies—he has none.

Senior Class

SCHOOL OF DENTISTRY

BAUTOVICH, COLEND A FERDINAND New Orleans, Louisiana

Psi Omega.

Class Historian, '24, '25.
New Orleans may well be proud
To have given to our crowd
One so studious as "Bauty."
Unassuming, never naughty.

BETHEA, GUY DORRIDGE New Augusta, Mississippi

Sigma Pi; Psi Omega

Honor Council, '23, '24, '25; Class Secretary. '24; Class President, '26.

Hail, Columbia's gallant son,
Our official chaperon!
With his "better half" as guide,
Fortune's wave he's sure to ride.

CARAWAY, LEON WILLIAM Shreveport, Louisiana

Sigma Alpha Epsilon; Psi Omega.

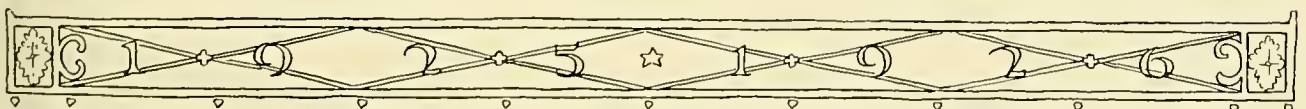

Honor Council, '24; Class President, '25; Varsity Baseball.

Zealous, untiring, yet smiling and gay,
Fond of the ladies—that's our Caraway.
Kentwood, we're told, offers quite one attraction,
When strenuous study demands a reaction.

CORNISH, PAUL ARMSTRONG Texarkana, Arkansas

Sigma Alpha Epsilon; Xi Psi Phi.

He's all the way from Arkansas,
And loves a jolly time—Raw! Raw!
Yet "Square Deal Cornish" knows his stuff,
And made a record—that's no bluff.

Senior Class

SCHOOL OF DENTISTRY

HINES, HOUSTON JOHN Kosciusko, Mississippi

Xi Psi Phi.

Varsity Baseball, '23, '24.

Behold the "Babe Ruth" of the dentistry bunch,
"Babe" Hines, the Original!—we have a hunch
That this jovial mimic, so ready of wit,
In life's game is scheduled to make a great hit.

KNIGHTON, HOLMES TUTT York, Alabama

Xi Psi Phi.

Honor Committee '22, '23; Class Vice-President, '24, '25; Summer Scholarship, '25.

When "King Tut" decided not to sail the raging main,
His loss to Annapolis distinctly was our gain.
Very conscientious, but if e'er he starts to yelp,
All the native Yorkers will be forced to call for help.

KUEBLER, JOE RUSSELL Rockland, Texas

Psi Omega.

Class Vice-President, '25; Honor Council, '24, '25, '26.

All the way from Goose Creek, Texas—
Never does a thing to vex us,
Smilingly thru life he'll go
Just the same "big-hearted Joe."

LANDRIDGE, MELVIN WILLIAM Port Arthur, Texas

Psi Omega.

Honor Council, '25; Class Secretary, '25, '26; Summer Scholarship, '25.

Latitude and longitude he measures, mile by mile,
From Port Arthur, Texas, the only place worth while,
Yet he does not overpraise, as he can prove by Jack—
Just a little girl to love is "Mel's" most striking lack.

LEA, RUDOLPH ELMO Leesville, Louisiana

Psi Omega.

Glee Club, '23, '24, '25, '26; Honor Council, '24; Jambalaya Representative, '25.

With his "one string fiddle," he will chase your blues along,
Or he'll charm and please you with melodious gift of song.
Never linger near him if you want to nurse a grouch—
He put the "Lea" in Leesville—for this his classmates vouch.

Senior Class

SCHOOL OF DENTISTRY

MAGEE, THOMAS C. WILLIAM Franklinton, Louisiana

Xi Psi Phi.

Class President, '25; Honor Council, '23, '24, '25; Jambalaya Representative, '25; Hulla-
baloo Staff, '25; Tulane Y Cabinet, '25; Historian, '26.

"Twentieth Century William," as his nickname would indicate.

In his profession and life-work hopes to remain up-to-date—

Take him for what he's worth, classmates—ever he hopes to be true

To all our mutual ideals, to our Alma Mater, and you.

MACLEAN, JOHN Thomasville, Georgia

Psi Omega.

Our Mac, as a wee, canny lad,

Roamed the braes dressed in kilties and plaid—

Many countries he's seen;

And to claim him, I ween,

Tulanians should be "darn well" glad.

MITCHELL, LOUIS DONALD, JR. La Grange, Georgia

Phi Delta Theta.

We quote as our Louie's pet creed,

"It doesn't take height to succeed."

In State Street's Study Club,

Sure, he's not any dub—

And Jack helps him talk when there's need.

ODOM, ANDREW JACKSON Port Arthur, Texas

Sigma Pi; Psi Omega.

Class President, '23; Varsity Basketball, '23, '24, '25; Varsity Football, '23, '24; Track

Team, '23, '24, '25; Football Manager, '25; Flower Cup, '24, '25.

An athlete, and fond of the gay social whirl,

Newcomb's best bet, yet he's fond of one girl;

Showing great prowess on team or on track;

Boosting the Lone Star State—this is our Jack.

ROBINSON, VIRGIL AUSTIN ANDERSON Lake Charles, Louisiana

Xi Psi Phi.

Honor Council, '24; Vice-President of Dental Student Body, '25; President of Dental Stu-
dent Body, '26; President of Tulane Student Council, '26; Hall of Fame, '26.

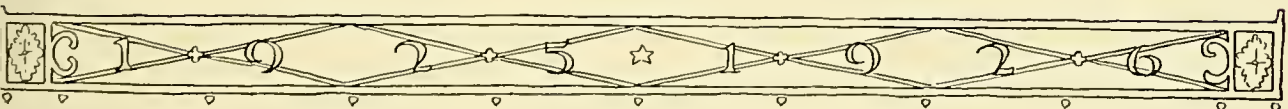

Varsity Football, '21, '22, '23, '24, '25; Varsity Baseball, '24, '25.

A member of the "wonder team," that boosted Tulane's fame;

A leader born, who, all through life will play an honest game,

Our quiet, modest, Robbie, we are happy to acclaim,

And know he'll live through future years in Tulane's Hall of Fame.

HISTORY

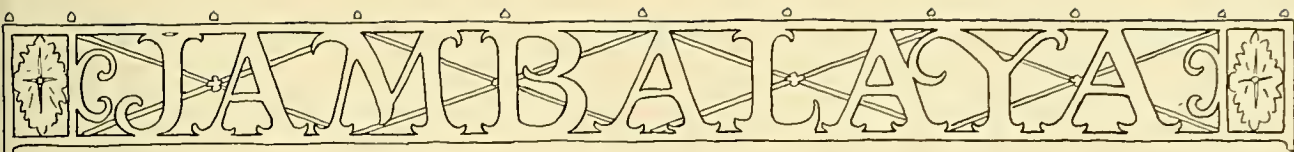

In to the past days and months have gone,
And changes have come into school and home ;
Soon, the grim problems that make up life
Face us, and warn of turmoil and strife—
Was it four years ago, or just yesterday
That we started forth in youth's hopeful way
To develop each wavering hope and plan
For definite service to our fellowman?
Faster and faster Time seems to go ;
Soon comes Life's ev'ning ; our step grows slow ;
Some day but few of us shall remain
With fond recollection, to live again—
As we wander backward thru Mem'ry's hall,
And glance at the pictures upon its wall—
The scenes that, together, we're passing thru
The glorious things each one hopes to do ;
The struggles and trials ; the fun and tricks
The career of the Class of '26—
O, may it not be in that future day
Of one of our number the world shall say :
"His was a mission of selfish greed ;
He hearkened not to his neighbor's need."
Instead, as we go forth, O, may we be
From ignominious motive free,
True, valiant, sons of humanity.

THE GREEN WAVE OF 'EM ALL

Football Review

SHAUGHNESSY

The Green Wave of 'em all! Year book editors are prone to wave the flag lustily when holding forth the glories of the grid season.

Though Alma Mater's colors may often trail in the dust, eagle-eyed enthusiasts invariably note that the college eleven "established an enviable mark for future teams to shoot at," that it might have been "outplayed, but never out-gamed," and withal was "the greatest team in the history of the University."

The last cited bromide furnishes our keynote.

The 1925 Green Wave was the greatest Tulane eleven ever to pound upon the shores of gridiron fame.

It carried the name of Tulane to the front pages of the newspapers of the country.

It thrilled the South with a brilliant victory over Northwestern and won the acclaim of experts as one of the four greatest football machines of the year.

It went through the season unbeaten, vieing with Alabama for foremost honors in the South, and far more important—

It gave to Tulane its first All-American star—the "Peerless Peggy" Flournoy, sensational punter, passer, and plunger, great open field runner and the first all-round backfield man in Tulane history. Flournoy led the point scorers of America with 129 points.

Rivalling "Peggy" Flournoy in individual honors were Captain "Les" Lautenschlaeger and "Irish" Levy. Lautenschlaeger's brilliance in handling his Greenies prompted Chicago critics to call the doughty little field general the "best quarterback of the year," and Clark D. Shaughnessy termed Lester "the finest quarterback in Tulane history."

"Irish" Levy, playing the greatest game of his career as a Tulane lineman, with "Peggy," was awarded a place on the mythical All-Southern team, and Tulane had half a dozen others

in "Doc" Wilson, Harry Gamble, Harvey Wilson, "Hoss" Talbot, and Johnny Menville, who gained much support among the sport scribes.

To the genius of Clark D. Shaughnessy, the man with vision, the quiet, smiling builder, goes the credit of Tulane's success.

The team in the main is a Shaughnessy product. More than half of the stars came up from local prep schools and under Shaughnessy developed to their full height.

Ever since Shaughnessy returned to Tulane in 1922 the 1925 Green Wave was in the making. More and better material began to report to Shaughnessy and the ability of the former Minnesota star was making itself felt. In 1924 the Greenies lost but one game, that an upset by the Mississippi Aggies. The team was light, but fast. Its game was brilliant, its attack varied, and speed and brains were paramount.

And thus was the stage set for the 1925 Wave, the greatest of 'em all.

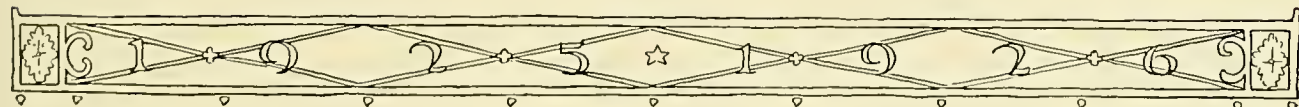

W. C. SMITH

HAMMOND

SIMON

LAUTENSCHLAEGER

"Who'll take 'Brother' Brown's place" featured all queries about the Tulane team in the early fall of 1925.

A couple of weeks later "Peggy" Flournoy stepped out and made 'em forget all about "Brother" Brown, brilliant back that the latter was.

And "Peggy" Flournoy began at the start of the season to write grid history with his flying feet, to dodge and twist his way on the All-Southern, and boot, pass, and plunge into a position on the All-American eleven.

MORGAN

The Green Wave Rolls Louisiana College

77-0

It was a splashing, slashing Green Wave that rocked a heavy Louisiana College eleven in its swells to open the 1925 season with a 77-0 victory. (September 26).

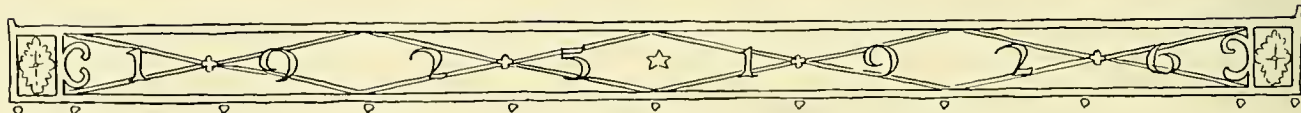

The Greenies swept down the rain soaked field with irresistible force, filling the sixty minutes of sloppy football with spectacular runs.

About 5,000 fans stood through the driving rain while Flournoy, Morgan, Menville, Browne, Lorio and Norman snaked through broken fields for miscellaneous touchdowns. Despite the weak opponent the 77 points scored by Tulane caught the imagination of the enthusiasts and even then great things were predicted.

The Tiger Ties

MISSOURI 6—TULANE 6

A burning sun—8,500 frantic fans—a team of giants from Missouri—a thrilling, gruelling duel between two powerful teams—and Tulane's Green Wave made the Tiger from the "Show me" state stand in his tracks. (October 3).

FLOURNOY

LAMPRECHT

Fifteen pounds lighter than the Mizzou Tigers, the Greenies fought doggedly through the first half and came back the second half to play the visitors off their feet.

"Peggy" Flourney, "Hoss" Talbot, Harry Gamble and "Doc" Wilson made football history against Missouri.

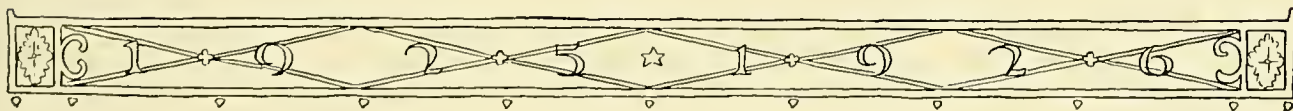

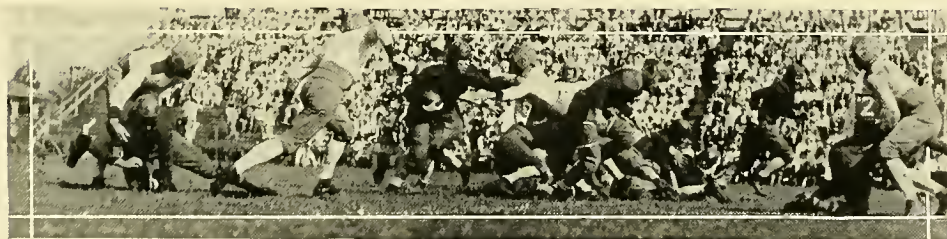

It was "Peggy" who plunged over with the tying touchdown. It was "Peggy's" good right foot that kept Missouri at a far distance when the Greenies had to give up the ball.

"Doc" Wilson and Harry Gamble covered "Peggy's" punts like hawks, nailing the Mizzou safely in his tracks time after time.

And "Hoss" Talbot it was who threw his huge form in the way of Whiteman's drop kick that saved Tulane from a 9 to 6 defeat.

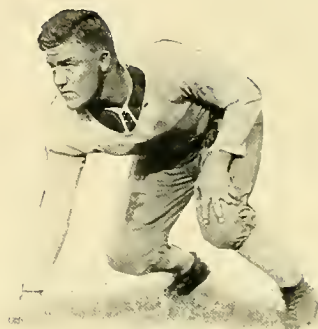

Missouri scored first after a 30 yard pass had placed the ball on Tulane's 3 yard line.

Missouri made nine first downs, all in the first half. The Greenies made eight, six of which came in the final half.

NORMAN

BLACKLEDGE

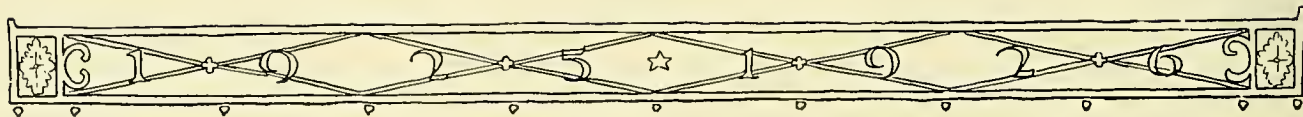

Before the half ended the Greenies tied the score on a long pass to Gamble, in which three Tigers interfered with Gamble's making the catch. Tulane got the ball at the point of interference, on the two yard line, and "Peggy" crashed through to tie the score.

The Wave Passes "Ole Miss" to Death

TULANE 26—"OLE MISS" 7

Homer Hazel's "Ole Miss" club came down billed as a dark horse. The color didn't clear after Tulane licked 'em with an assortment of fancy and staple forward passes and the Mississippians went down, 26 to 7. (October 10).

The Greenies scored 20 points in the first half and then loafed. As usual "Peggy" Flournoy starred. So did the rest of the Wave.

G. WILSON

TALBOT

Revenge Is Sweet

TULANE 25—MISSISSIPPI AGGIES 3

Bernie Bierman's Aggies gave everybody another scare for awhile when "Lil" Stone booted a neat drop kick to give the Aggies a 3-0 advantage in the opening quarter. (October 17).

Visions of 1924 swept before the Greenies and they overcame the slow start and swept on to cop the game and get revenge with a 25 to 3 decision over the Starkeville lads.

Following the ball, forcing the breaks, helped the Greenies materially to win. Harry Gamble played a stellar role, blocking a couple of kicks which turned into touchdowns.

In the Limelight

TULANE 18—NORTHWESTERN 7

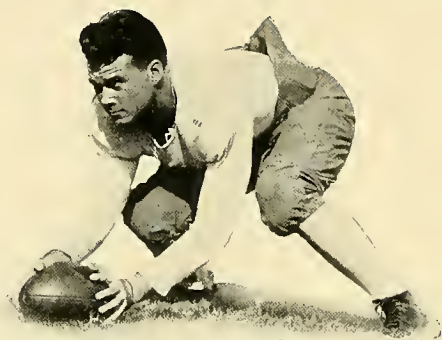

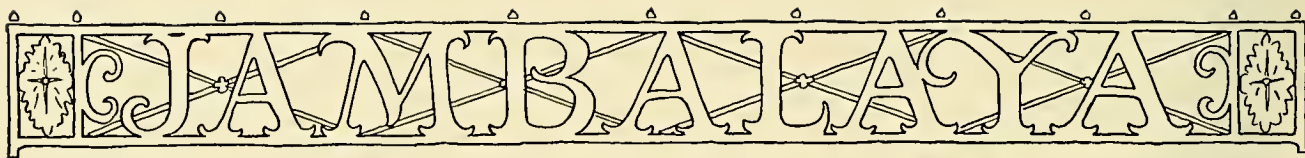

The "Thin Green Line" from Dixie swept into Stag field and showed the Big Ten sports followers some of the greatest football of the year.

"Peggy" Flournoy was supreme. He tore the Northwestern Wildcat line to shreds, his punts recalled the great Pat O'Dea to Big Ten writers, and his three touchdowns carried the Tulane colors to the first big Intersectional victory of all times.

The Greenies played first half football—they didn't wait until the final periods to show their wares.

Out upon the field the Greenies tore, and before many minutes "Peggy" was over with the first tally.

H. WILSON

LEVY

Northwestern took the lead for a brief moment on a beautiful long pass. But its scoring was over after that and the Green Wave continued to roll on.

To the whole team too much praise cannot be given.

Lautenschlaeger was great in his tactics. The interference was perfect, the defense tight. To Gamble and Wilson, to Lamprecht and Blackledge, much credit goes. So also to "Irish" Levy and "Hoss" Talbot, and all the rest—for the team played as a unit and as a unit won Tulane's greatest victory.

Another Tiger Bites the Dust

TULANE 13—AUBURN 0

Another muddy day—thick, creamy, red Alabama clay—thicker than gumbo, more slippery than ice. Those were the conditions under which Tulane downed the Auburn Tigers 13 to 0. (October 31).

The reaction after the Northwestern game didn't find the Greenies at their best. The play was ragged and the mud unendurable. But "Peggy" broke loose for one score and so did Lester, and the Auburnites couldn't score when "hits meant runs."

WIGHT

MENVILLE

BROWNE

Easy Pickings

TULANE 37—LOUISIANA POLYTECHNIC 0

"Peggy" scored nearly every one of Tulane's points in this semi-contest. He scored 31 points out of the total 37. The workout got the Greenies in shape for the Sewanee game which was to be the hardest of the year.

The Third Tiger Drops by the Way

TULANE 14—SEWANEE 0

The Sewanee Tigers presented a stubborn, strong team, yet "Peggy" got loose on his longest run of the year—a 68-yard dash off tackle—to score a touchdown.

Sewanee threatened once and Tulane's great line held four times on the one yard line—as it had done at Auburn in 1924.

And now we come to the big game of the year—of any year—with L. S. U.

The Tiger Shrieks

TULANE 16—L. S. U. 0

Beating L. S. U. has become a habit with Tulane.

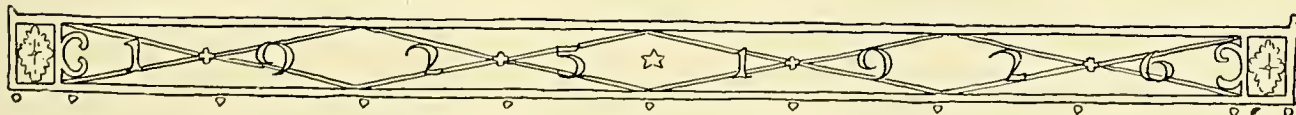

And with the great record of the Greenies a victory was expected by all.

But L. S. U. wouldn't admit defeat and the game was a tough struggle throughout.

In the first half several breaks kept the Greenies from showing any offense at all and the score was 0-0.

GAMBLE

ROBINSON

KILLEEN

But in the final half Tulane scored twice on their own accord, once on Lester's neat toss to Menville which netted 30 yards and a touchdown. "Peggy" scored the other six point tally.

"Irish" Levy dropped the L. S. U. quarterback, Godfrey, behind his goal line for a safety to run Tulane's score to 16 points.

The greatest crowd to see a game in the State—21,000 witnessed the contest.

Centenary Is Stubborn

TULANE 14—CENTENARY 0

Coming as an anti-climax to the season which logically ends with the defeat of L. S. U., the Centenary game found Tulane stale and Centenary stubborn.

Result: a hard fought game, which Tulane won only after a struggle. "Peggy" was closely watched in this game and the best he could do was show the North Louisiana fans the greatest kicking they'll ever see. He scored once, however, and "Doc" Wilson did likewise on a pass.

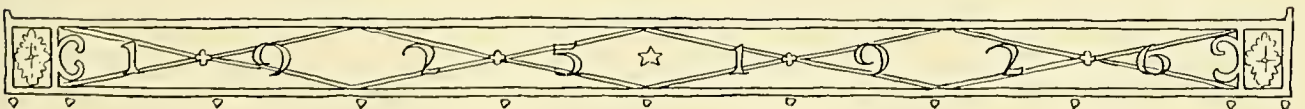

Freshman Football

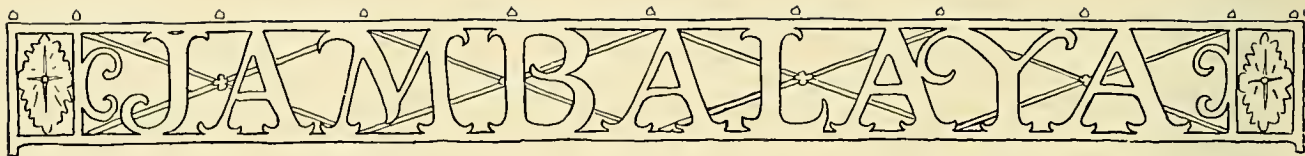

The 1925 season for the Little Billow was not what one would call successful from the standpoint of games won and lost. In the larger games of the year the Greenies twice met defeat, although in their other contests they came through on the winning side.

Journeying up to Tuscaloosa, the Little Wave fell in defeat before the Small Thin Red Line by a close score.

Against the upstate Tigers at Baton Rouge, the Tulane Freshies also failed to chalk up a victory. Their victories over Gulfcoast Military Academy and the "Rockachaws" of the Bay City, however, even up the lost and won games for the season.

Under the guidance of Coach Hammond the Freshman team showed itself to be the source of much good material for the coming 1926 football season at Tulane. From this standpoint its season may be termed a complete success, for from all indications its membership will afford many men whose presence on the 1926 varsity will play a prominent part in the Green Wave's successes in the coming year.

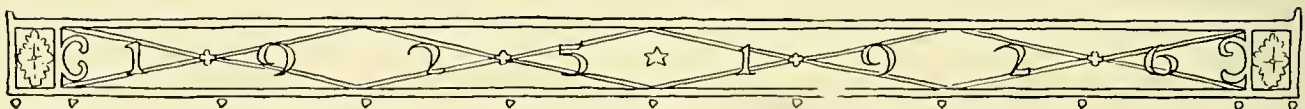

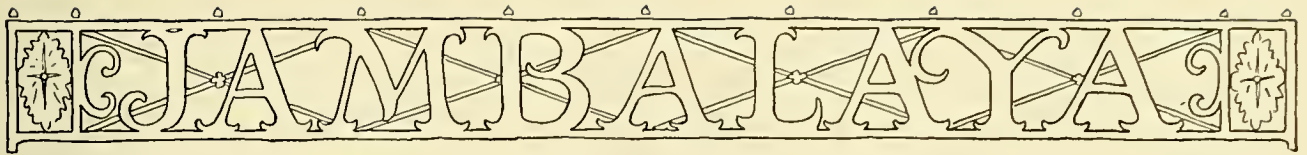

Basketball

It takes a long time to rebuild a great athletic machine when the organization is scattered. And when "Monk" Simons lost "Hooks" Lind, All-Southern guard; Junior Henican, and Eddie Davidson from his wonderful 1925 cage squad he had to start rebuilding in 1926.

Although "Monk" had Eddie Morgan and Ellis Henican, All-Southern stars last year, in tow, the Greenie mentor had a problem finding a combination that would work smoothly, and as a result Tulane experienced a poor season as Tulane seasons go. Such has been "Monk's" record for the last half dozen years that a record of eleven victories and seven defeats is considered only fair.

Pat Browne, "Peggy" Flournoy, and "Doc" Wilson rounded out the Tulane first five until Eddie Morgan's long illness caused his loss to the Greenies. "Bromo" Setzler took Morgan's place in the later games and in the tournament at Atlanta.

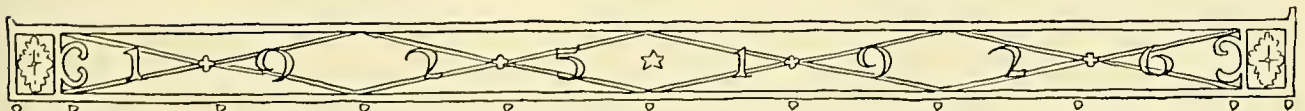

The Greenies just found themselves at the fag end of the season, and but for the loss of Morgan on the eve of the tournament, "Monk" might have made another big effort for the title. The Greenies felt they had a fifty-fifty chance of going good with the breaks, but Virginia put 'em out in the first round after Tulane had led most of the way. The score of the game was 29 to 25.

Baseball

HE nineteen twenty-five baseball season at Tulane was reasonably successful. Carrying one of the hardest schedules of any team in the diamond history of the University, the Greenies emerged a credit to the Olive and Blue and to themselves. The Green wave won five games and lost seven.

The nineteen twenty-five team was composed of the following: Eddie Morgan, catcher; Gravois, Porter and Long, pitchers; E. Henican, L. Warner, C. Lind, Flournoy, Butker, infielders; Dufour, Lautenschlaeger, Robinson, Richeson, F. Warner, outfielders.

The Greenies opened the season with a two-game series with the Mississippi College Choctaws. In the first contest the Green Wave proved far too strong for the Collegians and came out on the long end of a 16-4 score. It was in this opening game that the Tulane nine gave promises of being a hard hitting aggregation when Carl Lind led the attack with two home runs, closely followed by Flournoy and Morgan with three hits out of four trips to bat.

In the second game the Choctaws placed a stronger nine on the diamond, but again the Greenies won by a 2 to 1 tally.

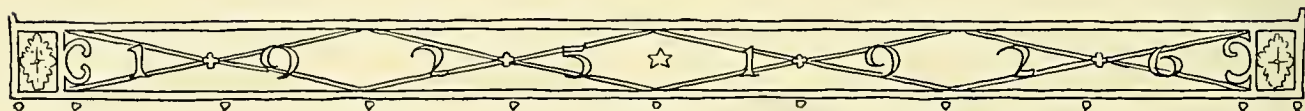

The University of Iowa Hawkeyes were the next opponents of the Wave, in a two-game series. The invaders brought with them one of the strongest teams ever seen on the local diamond and chalked up a 5 to 1 victory in the first contest. Lautenschlaeger pitched excellent ball, but costly errors at inopportune times caused the Greenies to end on the short end of the score.

In the second fray the Tulane nine battled for ten innings before conceding a 6 to 4 victory for the visitors. The Greenies took the lead in the first inning and maintained it until the ninth when Iowa made the run that tied the score. However, the Hawkeyes rallied in the tenth and scored two runs for the second victory in the series.

Journeying up to Starkeville the Green Wave engaged in a two-game tilt with Mississippi A. & M., which resulted in a victory for each team. The Aggies were a hard hitting aggregation and got off to a three-run lead in the first two innings. Increasing this lead, the game ended 11 to 4 in their favor.

In the second game the Green Wave, with Lefty Long in the box, kept the Farmers down to two runs while the Greenies registered four tallies. The Greenies battered the Aggie pitcher out of the box in the fifth inning by well placed short and long hits.

Tulane next met "Ole Miss" on the local diamond and the Mississippi visitors won both games. In the first game each team made eleven hits, but loose playing on the part of the Greenies enabled the invaders to get an 8 to 6 decision. In the second contest Tulane got an early lead of three runs, but Ole Miss overcame the Greenies in the fourth never to be overtaken, the final tally being 7 to 4.

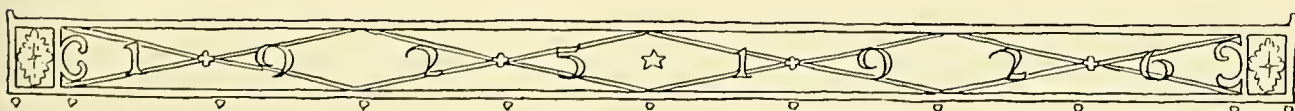

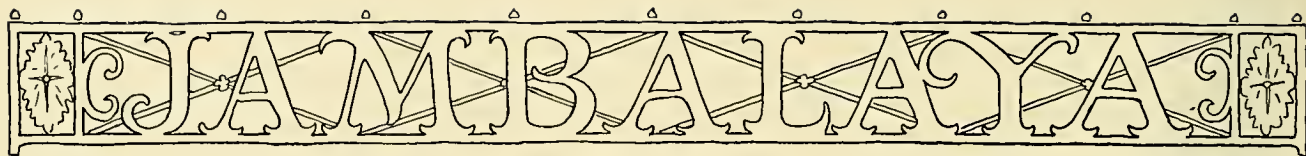

It was in the next two games that Tulane staged the unforgettable hair raising rallies in the ninth innings to tie the upstate Bengals and then cop both games by a final punch. The Tigers came with a strong team and great hope that they might win back what they had lost to the Greenies in football and basketball, but alas, they met a similar fate. In the first game the L. S. U. team scored in the first, sixth, seventh and ninth innings. It was the last half of the ninth—the score 5 to 0—when the Green Wave made their memorable rally and tallied five runs to tie the score. In the tenth inning the Greenies chalked up the winning run and the game ended 6 to 5.

In the next game the Tigers fought with equal vim until forced to admit defeat in the eleventh inning. Morgan's homer with Lind on base tied the score in the ninth stanza and Flournoy's drive brought Richeson across the plate for the winning run in the eleventh. The final score was 7-6.

The season was closed with the next two games at the Tiger's lair in Baton Rouge. The upstate hosts won both games of the series. In the first contest the Tigers got off to a five-run lead in the premier inning and ended with a 7-4 margin. Piling up eleven runs in the seventh period, at which time Tulane had a 6-3 lead, the Tigers copped the last game of the series by a 14 to 7 tally.

Golf

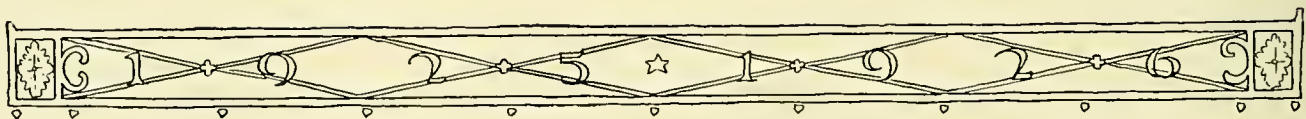

TULANE sent a golf team to the Southern Intercollegiate Conference Golf Tournament last year for the second time in the history of the University, only to overshadow the remarkable showing made by the team in 1924 at Atlanta.

A foursome was selected to represent Tulane at the Birmingham matches and the following men were chosen: Frederick Lamprecht, Captain and Manager; Louis Caron, Conrad Collins and C. B. Fox, Jr.

In the tournament the members of the Tulane team, with the exception of Lamprecht, were early eliminated. The Tulane captain and star golfer, however, fought his way to the finals and defeated Bobby Baugh of Alabama, winning the Southern Intercollegiate Championship. In the two previous years Lamprecht had been defeated only after getting into the final matches, but last year success crowned his efforts and he defeated the Alabama player one up on the thirty-sixth hole.

It is to Lamprecht also that goes the credit and distinction of having won for Tulane her first and only national Intercollegiate championship.

He represented Tulane at the National Intercollegiate Tournament and won easily over Jack Westland of the University of Washington.

Tennis

Tulane witnessed a most successful 1925 season in this branch of activities. The Greenies met Louisiana College, University of Texas, Rice Institute, Louisiana State University, and the University of Alabama. The Tulane net men also entered the Southern Intercollegiate Tournament at Chapel Hill, N. C., and the National Intercollegiate Tournament at Philadelphia.

D. K. Murray, Captain; L. C. Chamberlain, Captain-Elect; P. J. Bayon, and P. M. Waltrip were the players chosen to represent Tulane for the 1925 season.

Repeating the wonderful success of the 1924 team, the Greenie netmen walked away with honors in both the singles and doubles at the Southern Conference tournament.

Murray defeated Grant of Georgia Tech for championship honors in one of the most exciting matches of the season. Murray lost the first set 5-7. The second went to the Tulane star 6-4; the third, to Grant 7-9; the fourth, to Murray 6-4, and the deciding set fell a victory for Murray.

In the doubles Murray and Chamberlain defeated Fuller and Solomon of North Carolina for championship place.

In the National Intercollegiate Conference Tournament, Murray and Chamberlain were both eliminated in the first round of the singles. In the doubles this pair fought their way to the round before the semi-finals.

Tulane-Louisiana College matches:

Murray defeated Allen, 6-3, 6-0.

Chamberlain defeated Simmons, 6-1, 6-1.

Murray and Chamberlain defeated Allen and Simmons, 6-1, 5-1.

University of Texas:

Thalheimer defeated Murray, 6-2, 2-6, 6-1.

Funkhouser defeated Chamberlain, 6-3, 6-2.

Moltier defeated Bayon, 7-5, 6-0.

Brewster defeated Waltrip, 6-2, 6-3.

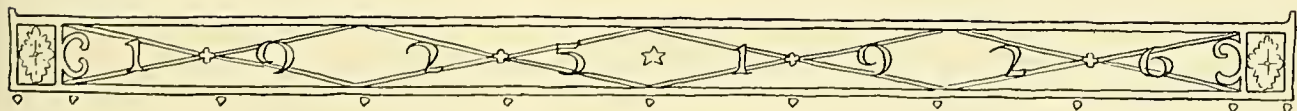

Thalheimer and Funkhouser defeated Murray and Chamberlain, 7-5, 2-6, 6-4.

Rice Institute:

Fetch defeated Murray, 1-6, 7-5, 6-3.

Chamberlain defeated Salone, 0-6, 6-1, 6-1.

Murray and Chamberlain defeated Fetch and Salone, 6-2, 6-1.

Track

The Tulane track team of 1925 experienced one of the most successful seasons in this branch of sports in the history of the University. Under the leadership of Coach Bierman the Greenies won three meets and lost two.

The season was ushered in with a decisive victory over the "Ole Miss" spikemen. The well rounded team put in the field by Coach Bierman copped nine first places and amassed many points by scoring all places in several events. It was in this meet that "Skeeter" Roy showed himself to be an exceptional hurdler when he negotiated the high hurdle race in 15 3-5 seconds, equaling the Conference mark. De Garmo also displayed fine form in winning the mile and half-mile races. Deichman, Wilson, Hay, Phillips and Allen also won first places for the Tulanians.

It was at Atlanta the following week that the event of the season took place when "Skeeter" Roy, captain of the team, broke the Southern record and tied the world's record in the high hurdles. In a classy field Roy stepped the sticks in 15 seconds flat. This was better than the old Southern mark by 2-5 of a second. The whole team made an excellent showing in the Georgia Tech Relay, never failing to score some points in the events in which they were entered.

The Greenie team invaded Tuscaloosa next (April 25), and walked away with a dual meet with the University of Alabama by an 81 to 45 score.

The feature of the meet was Roy's run over the high hurdles. The fast Tulane hurdler won the event in the old Southern record time of 15 2-5 seconds. Tulane won eleven first places and seven second places, Roy and Hay tying for high point scorer of the day.

Killeen, Allen and DeGarmo also starred for the Greenies.

The following week (May 1) Coach Bierman took his spikemen to Auburn for the third dual meet of the season.

Due to the preponderance of second places that the Auburn team captured the Tigers of the plains downed the Tulane fieldmen by a 65-47 score. The first places were equally divided, each team registering wins in seven events. Roy, Duren, Hay, DeGarmo, Wilson and Phillips were the scoring luminaries for the Greenies.

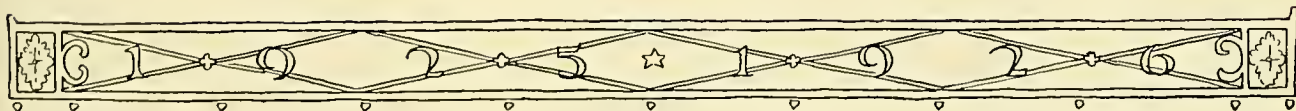

Tulane next met the L. S. U. track team at the Stadium, May 9, and went down to defeat 67-45. The Old Gold and Purple fieldmen won seven first places and totaled many second places throughout the meet. DeGarmo won two first places, and Roy, Duren and Allen each captured the premier position in their respective fields.

Hay tied with Hitchcock of L. S. U. for first place in the pole vault, and with East of L. S. U. in the high jump.

This was the only event the Tigers captured from Tulane in the 1924-1925 session, the Greenies having won at football and basketball and the baseball series ending in an even break.

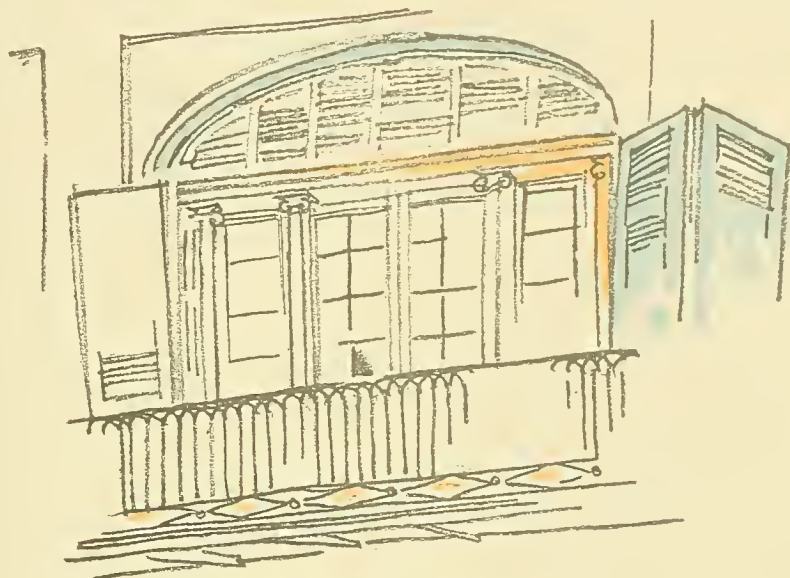

The last meet of the year resulted in another victory for the Olive and Blue when they won the Southern A. A. U. contests by running up a total of forty-five points.

DeGarmo, Roy, McNamara and Duren contributed first places to the Tulane score.

The team also received the large basket of roses as a gift from the New Orleans Cotton Exchange.

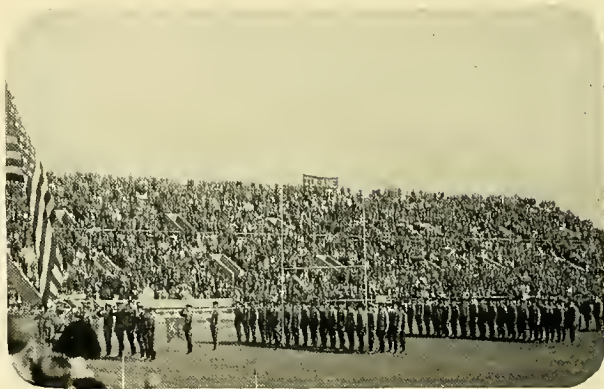

The Wave rolls on for its first touchdown in the opening quarter of the game against Louisiana Polytech. Greenies crush the Ruston eleven by a score of 37 to 0. (November 7).

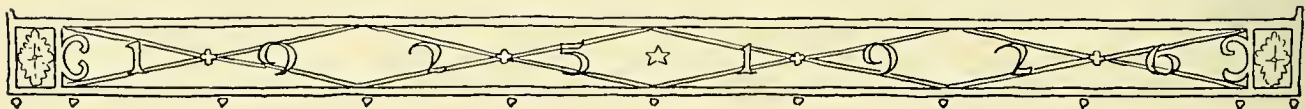

"Peggy" Flournoy punts from behind his own goal line, after the Green Wave held the Tennessee Tigers on the one-yard line for four downs. This was one of the most tense moments in the 1925 season. Tulane sweeps the Tigers for a 14 to 0 victory. (November 14).

SIXTH ANNUAL CONVENTION

TULANE UNIVERSITY

February 15-20, 1926

PURPOSE OF THE CONFERENCE

HE Mid-West Student Conference meets every year, not for the purpose of promoting extra-curricular activities, nor with the intention of formulating codes of action that might be applied uniformly throughout the schools represented, but rather for the purpose of endeavoring to place these activities on a basis which will insure the most beneficial results to those participating and strike a sane balance between them and curricular work. The conference accomplishes this by the discussion of the various problems, and the exchange of ideas, and an attempt to arrive at a solution.

WHO'S WHO AND WHY

MATHILDA TALMADGE

Because she has held the difficult and responsible office of president of the Student Council with such success that Newcomb students have come to have implicit faith in their self-government. Because she is a remarkable tennis player. Because she gives her enthusiastic support to all things working for the interest of Newcomb. Because she sticks to her opinion, and since she is almost always right, has put over several things for the good of Newcomb.

ELIZABETH HEASLIP

Because she can always be relied upon to make any college or campus stunt a success. Because her dramatic ability is remarkable. Because she makes a splendid cheer leader. Because she is an energetic and reliable worker at tiresome tasks. Because she is a loyal and enthusiastic supporter of all campus activities. Because she is as pretty as she is attractive, and because we expect her to be one of the most important figures on the campus during her senior year.

CHARLOTTE VOSS

Because she is one of the best debaters Newcomb has ever had. Because of the executive ability and tact she has shown in holding several important Student Body offices. Because she is president of the Senior class and has held that office with a charming grace. Because there is no girl at Newcomb more respected, more admired and more genuinely liked than Charlotte.

WHO'S WHO AND WHY

EDMOND CAHN

Because he has distinguished himself by his forensic ability in the past and is now Tulane's foremost debater. Because he has merited such honors as the Carnot and the Louis Bush medals and the Fortier memorial award. Because his scholastic achievements, of which his Phi Beta Kappa key is mute evidence, have always been the source of envy to his fellow classmates. And finally, because he is not only a student, but a scholar and a keen analyst.

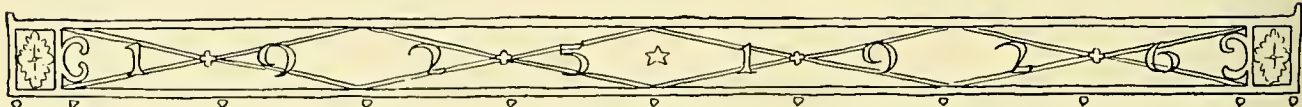

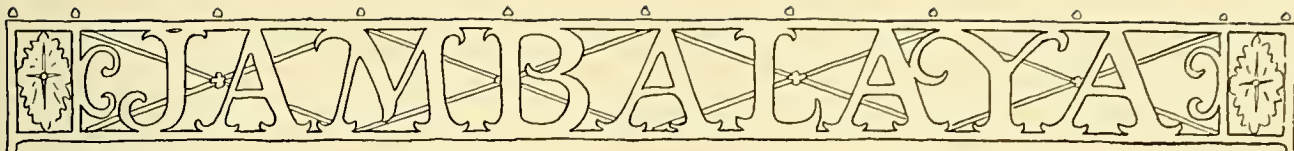

EDDIE MORGAN

Because he has merited a lasting place of honor in Tulane's athletic achievements. Because he was an invaluable cog in the wonderful football machine of this year. Because his playing was an outstanding feature of the basketball contests for the two past seasons. Because he was selected All-Southern. Because he has shown himself to be a baseball player of no mean ability, and finally, because he was awarded the Porter cup in 1925 for being the best all-around athlete in the University.

"PEGGY" FLOURNOY

Because he is the best football back Tulane and the entire South has ever seen. Because he was chosen All-Southern by a unanimous consensus of opinion—the only player to receive such an honor. Because he is captain of this mythical eleven. Because he is high point scorer of America for the 1925 season. Because he was named on many All-American selections. Because his plunging, passing and punting played a major part in Tulane's victories. And, finally, because to his school-mates he is still just "Peggy."

□ WHO'S WHO AND WHY □

ELLIS HENICAN

Because he has distinguished himself as the best basketball forward in the South. Because he was chosen a member of the mythical All-Southern team of nineteen twenty-five. Because, as captain, he led the 1926 quintette through a most successful season. Because he has won for himself a place on the football squad as well as on the baseball team, and, finally, because he has always taken such ardent interest in all Tulane activities.

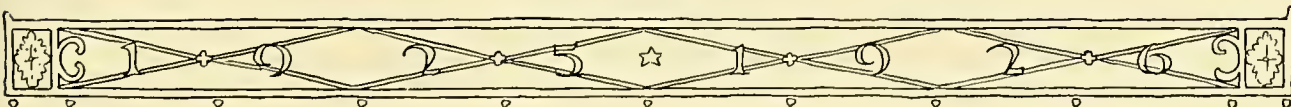

JAMES I. SMITH

Because, as editor-in-chief of the "Hullabaloo," he is heir to one of the most responsible and difficult undertakings on the Tulane campus. Because he has endeavored by his untiring and persistent efforts to maintain the standard of the "Hullabaloo" as one of the best college weeklies in America. Because these efforts have been crowned with a glorious success. Because he is a leader, and, finally, because he has never been found wanting in any case that was for the best interests of Tulane.

FRED LAMPRECHT

Because he is the greatest golfer in collegiate circles of America. Because, as organizer and captain of the Tulane golf team, he has led it to a place of honor and prominence. Because he is the winner of the only national championship ever held by Tulane. Because he is City, Mississippi Gulf States, Southern Collegiate and National Intercollegiate champion. And, finally, because he is also the most versatile player on the Tulane football team, filling each position assigned him with equal skill and mastery.

WHO'S WHO AND WHY

KENNETH RAYER

Because he is one of the outstanding men of his student body as a student. Being slight of build and with affected eyesight he has not gone in for athletics, but he has established a name for himself as a leader in the field of medicine. He was invited to drop his classwork after passing the Sophomore year of medicine and assist in the teaching of some of the work which he had covered. He did this for one year and decided to cast his lot with one of the classes which he helped to teach. This has not affected the part of his anatomy which rests upon his neck but has rather tended to draw him more closely to his fellow students. Because Ken is an outstanding student we nominate him for the Hall of Fame.

J. HAMILTON BASSO

Because, as editor-in-chief of the 1925 Jambalaya, he has given Tulane the greatest annual she has ever had. Because his volume was the first in the history of the Jambalaya to ever receive national recognition for excellence. Because he has already distinguished himself as a writer by his great imaginative qualities and his distinctive style. And finally because he has been elected to Kappa Delta Phi, that honor than which there can be no greater bestowed upon a Tulanian by his fellow students.

MILTON LEVY

Because his presence on the line of scrimmage was always a determining factor in Tulane's victories—a bulwark to his opponents, a gateway for his own backs. Because he was chosen All-Southern guard for 1925. Because he may be seen at all times wearing the broad grin that has made him so well liked by his fellow students. And, finally, because he has a good word for everyone and there is none to say a harsh word against him.

WHO'S WHO AND WHY

GEORGE H. BEAVERS

Because he is the "Daddy of his Class," not in age nor infirmities, but in staunch support of his classmates when their feet have faltered; in worthy advice when his classmates have been facing a decision of any gravity; in facing any situation squarely when it meant that his duty as class president called for decision or sacrifice on his part for the good of his class or his student body; in giving his best to his class whether it be to set an example of diligent attention to his studies or setting his personal pleasures and wishes to the side to serve, and lastly in attaining the high honor of being selected a member of the Alpha Omega Alpha in spite of the time and sacrifices to himself that he has given to his class.

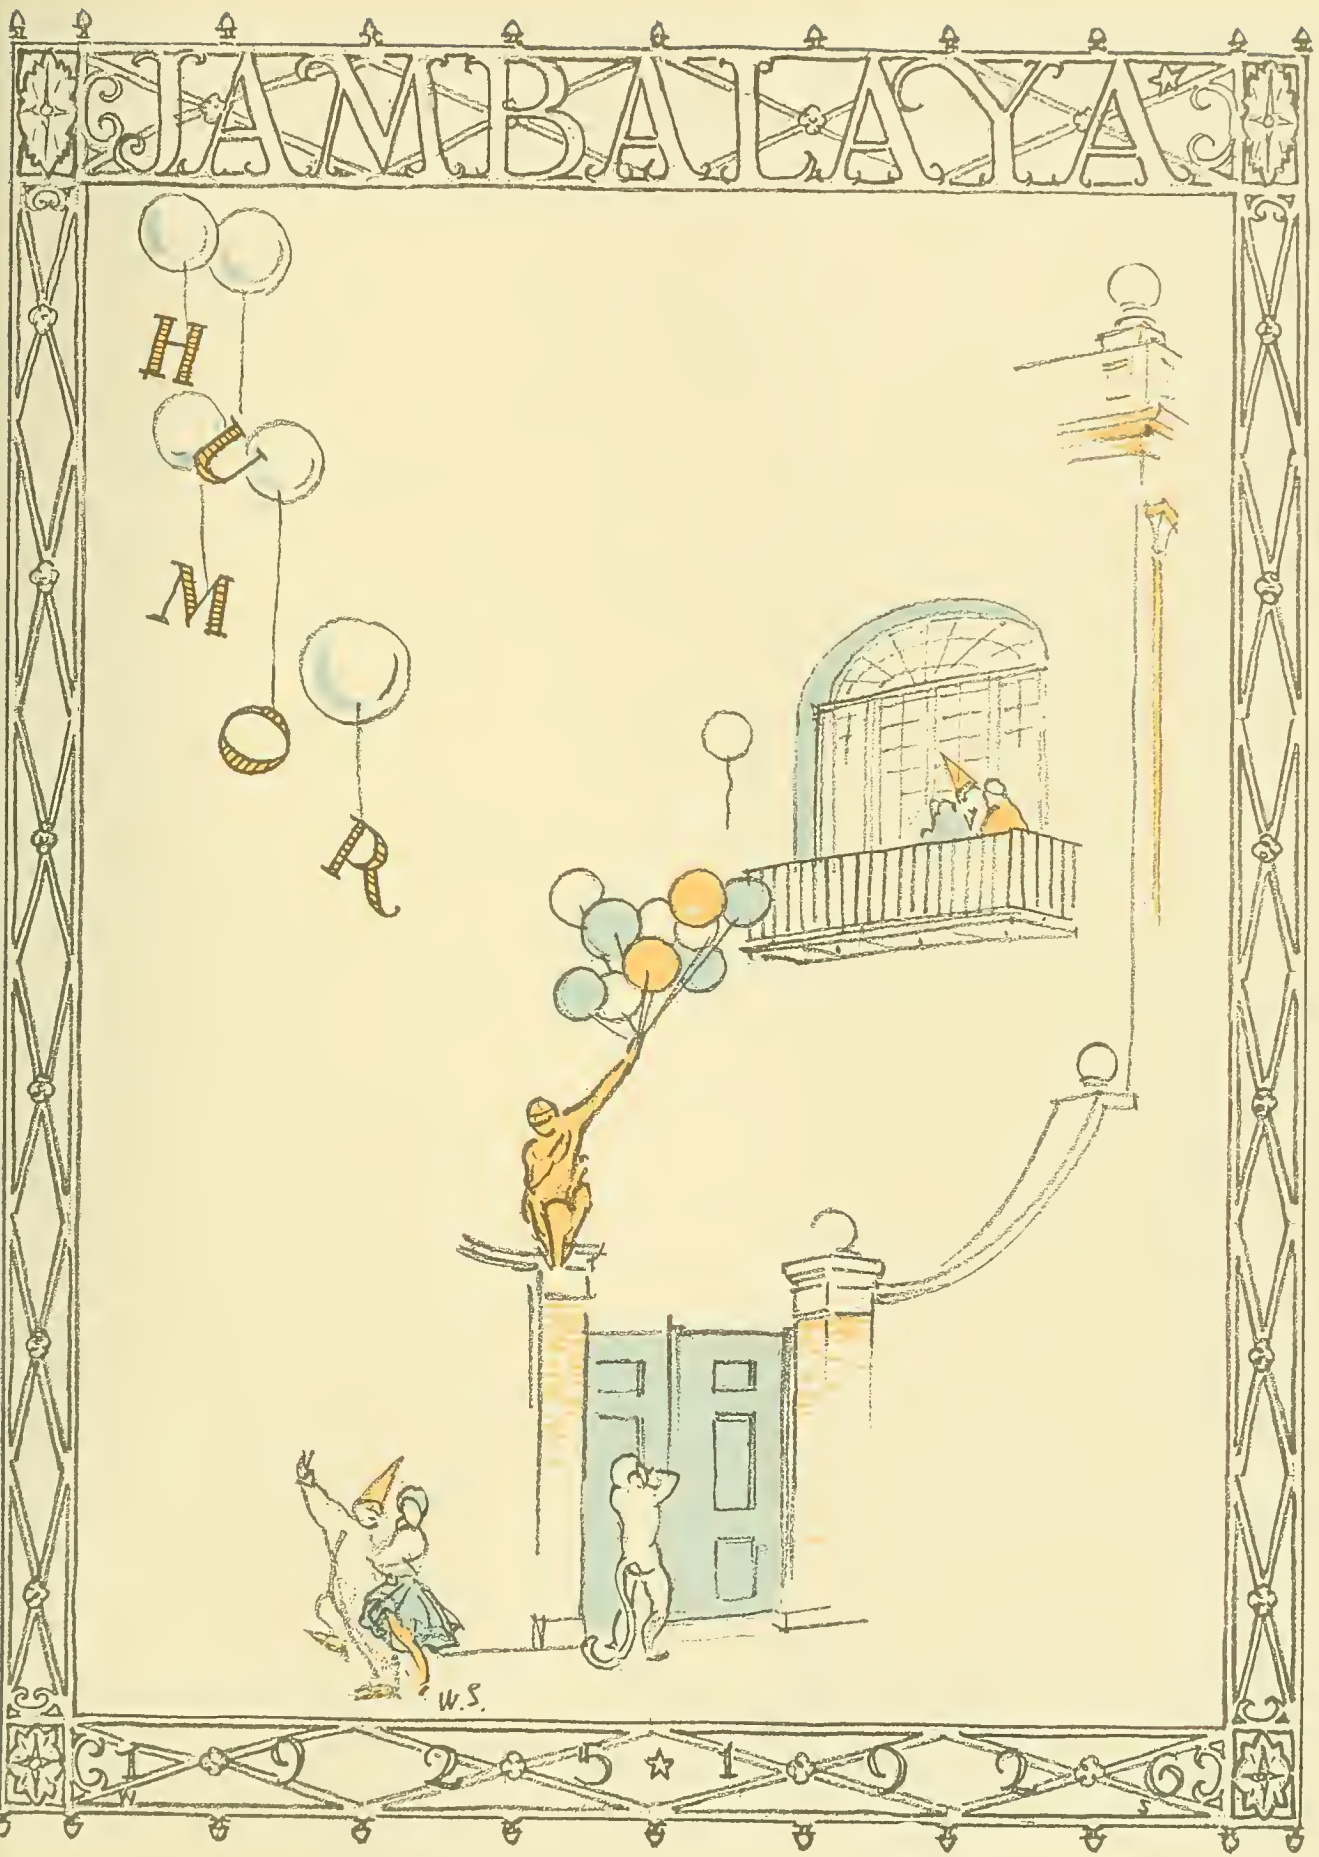

VIRGIL A. A. ROBINSON

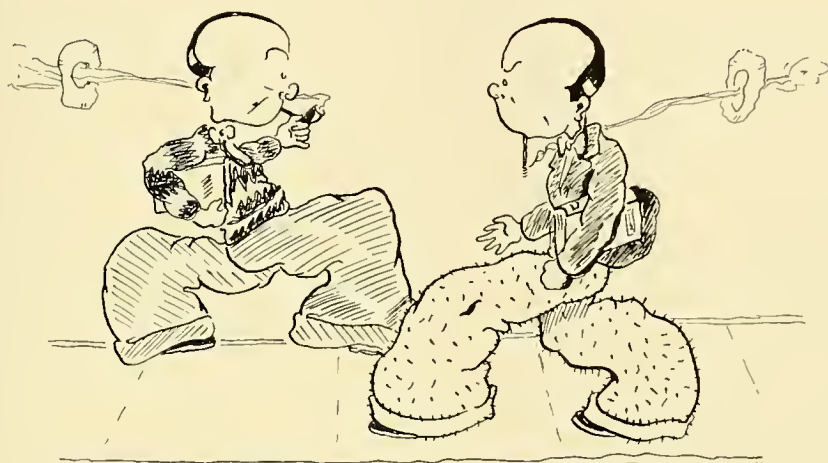

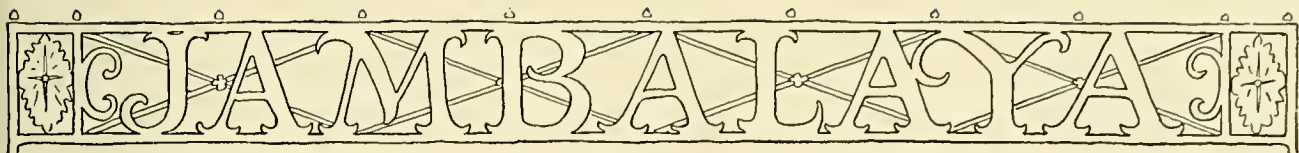

"Robbie," the one who always greets us with a smile and yet one who is conscientious in both work and play. He well deserves a place in Tulane's Hall of Fame because he has for the past three years been a member of the famous Green Wave (both in football and baseball), because he has been a leader in his class scholastically, and because, after having been chosen by his student body as their president he was exalted to the highest honor of the entire student body—president of the Tulane Student Council.

BENNY WIGHT

Because he has helped put the Green Wave to unheard-of heights. Because he has taken up where his illustrious brother Johnnie left off and carried on in entwining the name of Wight into the memories of all loyal Tulanians by going out on the gridiron and giving the best that there was in him in order that the Olive and Blue might float on the mast of victory, and with his efforts he has not slighted his work as a medical student, but now comes the threshold of graduation having engraved his name in the hearts of his fellow students as one of the most popular men in the class not only because of his reputation as a football player, but also because that in spite of his success therein he has always been just plain old "Ben" to us all and a prince of a good fellow.

RUSSELL R. MCGUIRE

HOW TO KEEP FROM MAKING PHI BETA KAPPA

1. Buy it by the gallon.
2. Get a "girl."
3. Slap the Profs on the back and call them by their first names.
4. Smoke in the classroom just before the lecture.
5. Leave the correction marks on the problems you got from last year's class.

Beelzebub: "It's against the wall I'm spitting, not against the law."

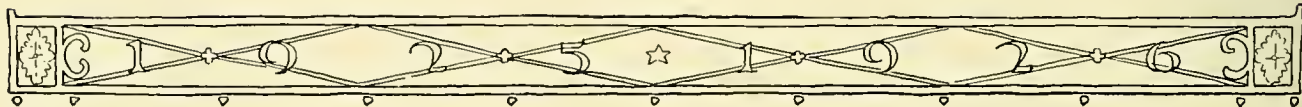

We Nominate for the Hall of Fame

J. Austen Bopp, after having run 91 yards for a touchdown in the big game of the year "Boppey" did not tell the girls it was a mere nothing that anyone could have done with the wonderful ten men interference he had, but admitted it was a remarkable piece of broken-field running on his part and such as has never been seen before on Bolton field.

Albert Q. Turnipseed. Though living in Gretna, "Al" has never given as an excuse for being late "traffic jams," or "delayed transportation," but has always admitted that he overslept or that he threw the alarm clock out of the window.

Donald R. I. McGee (M.A. Phi Beta Kappa). "Don" does not tell his class that while he was completing a six-year course in four years (with highest honors) he was also supporting himself and his aged mother and father. He admits that his parents were wealthy and supported him during the seven years it took him to complete the course, and that sometimes he ranked as low as third or fourth in the class.

Oswald P. Houston. Oswald when requested to pose for his picture for this section, did not immediately run home to get his other fraternity pin, but managed to get along with the three he was wearing.

Time: Monday morning.

Willie: "Good morning, Gents!"

FRAT Boys: "Good morning, Freshman! Do you know *anything* about fraternities?"

Willie: "No."

F. B.'s: "Well, then, let us inform you. You are now in the best FRAT on Tulane campus. Join us and you can't fail. Dean Becky is one of our boys. And socially, say, do you know anything about streets in New Orleans?"

Willie: "No."

F. B.'s: "Well, we have all the Elysian Fields and Dumaine Street debutantes at our parties. Join us and we'll guarantee you socially, also."

Willie: "Awright, but I better write and ask Papa."

ACT 2.

Scene: Dr. Charles Bloom's Legacy.

Time: Monday Afternoon.

Willie: "What ho! Is this the college of Music?"

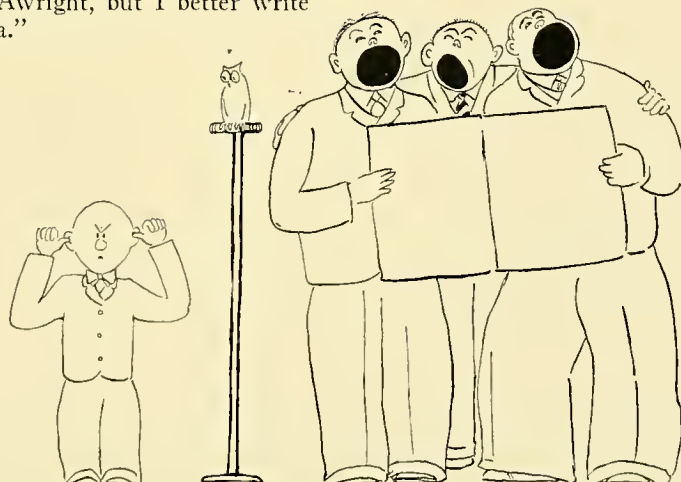

Anvil Chorus: "No, no, fellow, you are now in the Beta Theta Pi house. Stay awhile and we'll sing you the cutest song, "Oh, how'd you like to be a Beta sweetheart."

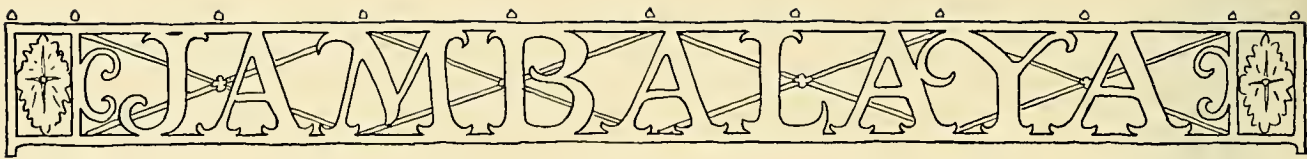

Owl: "Oogle! Oogle! Oogle!"

Willie: "Oh, please refrain. I'd rather hear you talk."

A. C.: "We do not rush, (not much). Betas are born, not made. If you're Beta material we'll get you. Howabout joining?"

Willie: "Awright, but I better write and ask Papa."

ACT 3.

Scene: Knights of America Tea Room.

Time: Tuesday morning.

Willie: "Ah! No doubt this is the Kingsley House Day Nursery."

Southern Gentleman: "Tush! This is the home of the Kappa Alpha's (So.), and these are our charming sub-deb K. A. girls."

Willie: "Oh! But they still have moist mastoids. Why?"

S. G.: "Ah, that is why we use them to rush for us, since they are too young to appreciate the error of their ways. We'll make you a date who will tell you how good we are."

Willie: "Thank you, but I'll have to write home and ask Papa."

ACT 4.

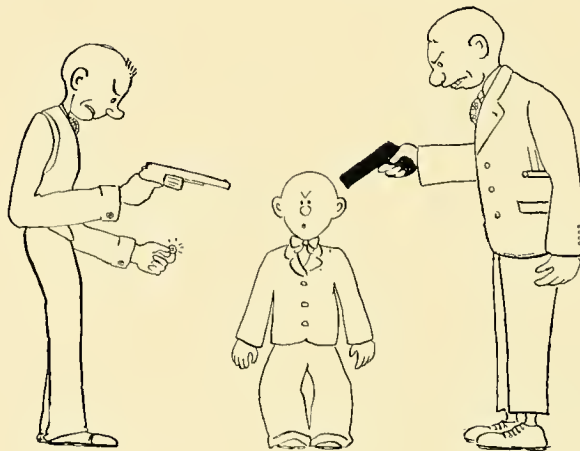

Scene: Watering Place of the Sigma Nu herd.

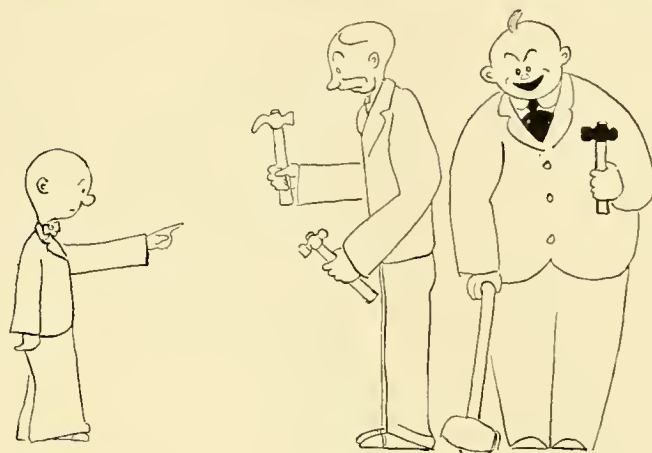

Time: Tuesday afternoon.

Willie: "In what strange hallways do I find myself?"

ACT 5.

ACT. 6

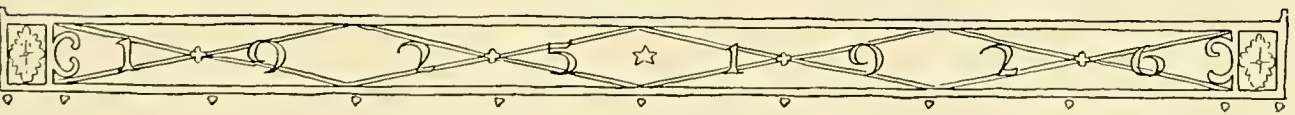

Scene: Ball Hall.

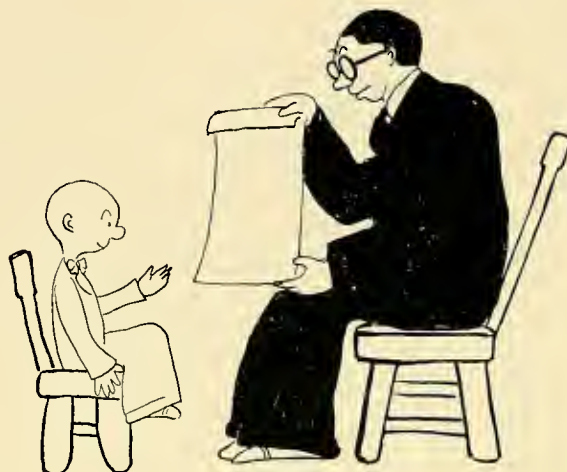

Time: Wednesday afternoon.

Willie: "Good afternoon. Why all the little empty chairs? Is it a convention?"

Mournful Piker: "Alas! alas! Those are the empty places for all the younger brothers we might have pledged. We are the original big-hearted fraternity—we let all the other fraternities get our little brothers. L. S. (Hiding his face in shame): "I'd rather not say. What about joining us though. Our alumni might sometimes come around."

Willie: "Awright, but I better write home and ask Papa."

Phair Phi: "Oh, hello there!" Do have a cup of tea."

Willie: "O thank you no, no, I don't drink tea."

P. P.: "But you must learn to drink tea. We want you to join us, and we just bought a lovely new Baby Grand, so we'll have to give several thousand teas to pay for it."

Who that lady was that I saw you with last night?

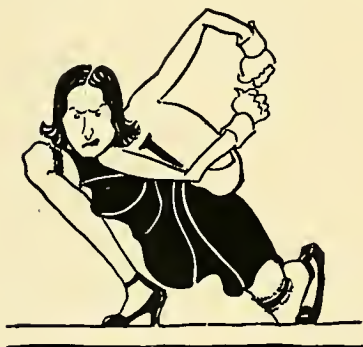

A certain Freshman came to me the other day with parts of her diary. She wanted to know if they did not give true pictures of the various Newcomb sororities, and, after some discussion, consented to let me publish them. My idea of their value is apparent in my desire to print them in this book.

THE NEWCOMB EDITRESS.

November 15—Dear Diary, these sorority problems are making a physical wreck of me. I really sometimes wish I weren't so popular. So far, I've gotten a rush from every one of them. Lucky for me that Aunt Rebecca Goldberg wrote down here about me or I would have missed one party. I can't wait to go to them all.

November 16—Oh, I'm so thrilled I can hardly contain my feelings. I heard today that they are going to have mid-year pledging this session. I'm not supposed to know but Matilda Talmage told me. She asked me for all of the extra week day dates before pledging time. Of course they are not supposed to ask me, but then, no one will know but you, dear Diary. I haven't told a soul but Winder Dudley and, of course, she won't tell.

November 17—I heard today that the K.A.T.'s party is to be a hell of an affair. Quite appropriate for so many devils. If all

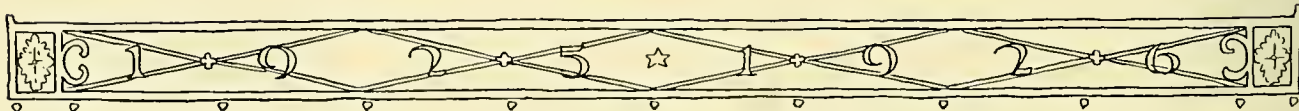

the rumors that I have heard come true they will have to hire a number of cars to take their pledges around in on pledge day. Goodwill has been the chief factor in the sorority this year, but, oh shaw, who will be next year.

They tell me that one of the older members decided at the beginning of the session that the best thing she could do with her college career would be to sink it, so she married and the campus knows her no longer.

November 20—The Phi Mu's are the peppiest bunch of girls I've ever seen. With Louise Richards doing her remarkable leading they ought to make a big sweep on pledge day. But she is not their only cheer leader. The honors go to this sorority for putting up one of the best cheer leaders Newcomb has ever had, who startled the entire University by her daring and original interpretation of the "Hullabaloo."

There's no doubt about there being Wit in this chapter, but it's too bad that some of it isn't distributed among sisters. Hush, the pun is the lowest form of Wit. They say this sorority was given the job of Page-ing the next Student Body president.

We had another Campus Night last evening and Gelene Stallworth made her debut before a select and hypercritical Tulane audience. Her clear bird-like notes and wide range entranced the would-be critics, and she was forced to make many curtain calls. I hear she inflicts many wounds in one Louis' pulmonary organ. (I am trying, Diary, to accustom myself to using big words.)

BEFORE

AFTER

November 22—Red Letter Day. I had a date with Etolia Simmons. I guess I'm pretty good—rating with the Administration Board. I also got an invitation to a sunset breakfast. Clever idea of theirs to make promises while the sun shines (or is it the Hay). I adore all of the Pi Phi's. They have that infallible something called personal charm—sort of a specialty with them, I think. They take the Freshman in the crude state of barbarism and mould them into ladies of real poise and grace. I can't wait to see Maridel as a Senior. They are all such a high-class type of girls, all F.F.V.'s. Sadie and Virginia are perhaps the most typical. Francis Dymond will have her hands full this spring and next year, with all of the customary Pi Phi senior offices.

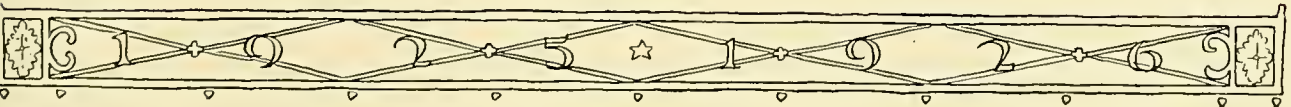

November 24—Yesterday I bumped into Charlotte Voss in the main hall, and felt about as big as a peanut all day; but what could be expected—the president of the Senior Class is such a dignified person.

I saw her later, though, and she was beaming at every angle. Perhaps she was going to propose something radical in Executive meeting.

The A. D. Pi's are an awfully nice bunch, but I wish that someone would knock a certain Young person off of her pedestal. She's a nice person, but she is too small to hold such

a high place. Land is valuable this year, but I hear the chapter is going to part with a valuable piece this spring.

Agnes Broussard and Rosa Rogers are such enthusiastic supporters of all campus activities, we are all sure that their chapter must be proud of them. They are worried, though, because the secret has gotten out that there is a pair of Webb feet in the chapter.

February 28—Pledge day and such excitement. Everyone sent out bids but the Pi Phi's and the Kappa's. I don't know exactly how many girls the Chi Omega's bid, but from the number they got, it must have been at least half of the Freshman Class. Of course, we all have our own disappointments, though, and Chi Omega had hers in a double dose—but it never helps to be sure. Honestly, it does seem too bad about the twins. Their family should have considered the case more carefully.

This chapter has one perpetual nominee per annum—last year Helen Mac represented them in this line, and there's a rising young Junior that will follow in that intelligent person's footsteps.

I turned down all five bids. I don't know why—except that I got so interested in what everyone else was going that I forgot to do

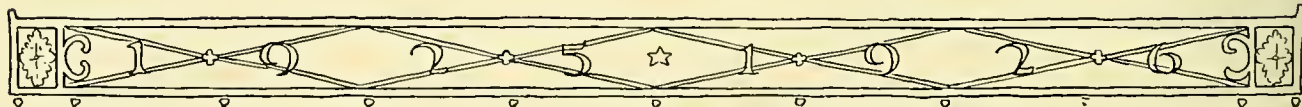

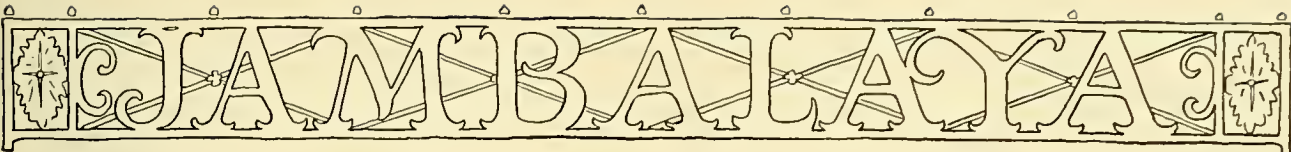

anything myself. Now that I am narrowed down to going Kappa or Pi Phi, I feel rather at a loss.

March 1—In spite of the fact that the A. D. Pi's were scrupulously honest in their rushing this year, they pulled in a large number last Saturday, some of our most representative Freshmen.

Speaking of representative, there is a rumor going around the campus that a cup will be awarded to the sorority that has done the most for Newcomb. It is the consensus of opinion that A. D. Pi leads the list.

It is also rumored that this sorority is planning to in the immediate future a knock-out hit entitled: "How to give a sure-nuf rushing party on Forty Dollars."

March 2—As usual A. E. Phi bid five girls and got five, and there were many sighs of relief issuing from their Freshmen on Pledge Day. Virginia Lazarus was simply frightened to death that she wouldn't "make it." I was not one of the chosen few in spite of Aunt Rebecca's letters. No wonder they call this chapter the "Exclusive few."

Anna Pfeifer still retains her fondness for

sorority jewelry; she lost her pin, but it didn't phase her, she has so many substitutes.

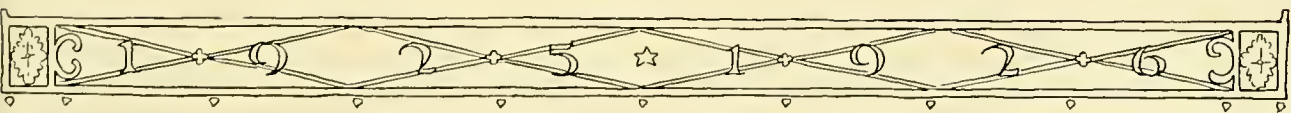

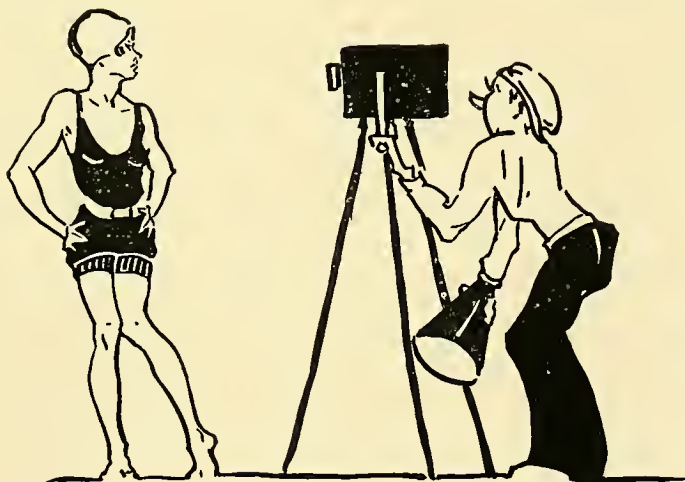

The Sophomores are such an active bunch that Clara May and Louise Lane had a hard time keeping up with them.

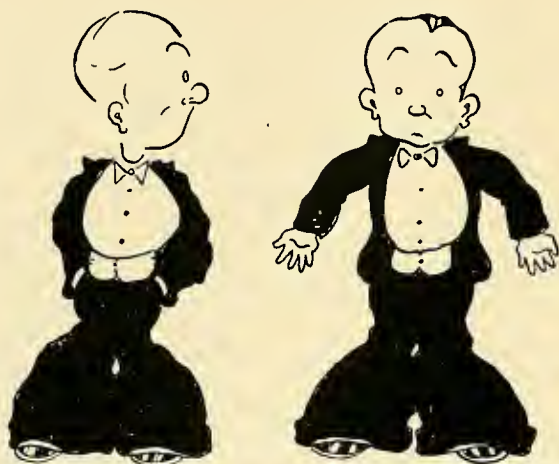

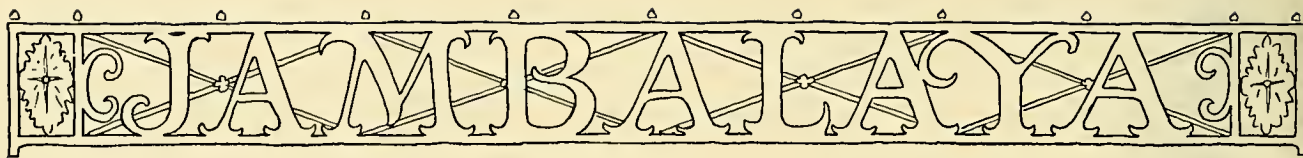

Dorothea, however, can keep up with anyone. One weary officer told me that she could run an Executive meeting all by herself.

March 3—The Kappa's can't "do their stuff" until next year as far as pledging is concerned, and they always have a hard time "doing it" with elections, but they certainly have been slinging some mean parties this winter. They must be pretty sure of their Freshmen, for they took all of their pictures to show at future conventions. Nothing like self-confidence, and I'll have to admit it did make a good film. Yes, they must have some "pull" somewhere; they treated their Freshmen so nicely (really too nicely for rushing rules), and yet Pan-Hellenic is allowing them to pledge a whole term before Pi Phi.

I have been thinking of going Kappa, though. The only thing that worries me is the tough time they have with elections, I'm almost afraid that if I honor them with my membership, I won't have a chance of getting Student Body president. Their hard luck is natural, though, because they have so many un-aggressive people—like little Bea.

March 4—I've come to the sad conclusion, dear Diary, that I must go non-frat, or start one of my own. Perhaps my taste has been spoiled by too much rushing.

DR. AL. B. DIDWITHIT

President of Toolane University. Founded, Gawd know's when, for the advancement of higher education and the livelihood of several hundred professors who would otherwise starve to death.

Prior to Mr. A. Hollymann's entrance into the University, it was a losing proposition. Mr. Hollymann has shown Dr. Didwithit several thousand ways to cut down the budget, the greatest of which is the addition of his (Hollymann's) name to the payroll.

President Didwithit gained universal fame last year by refusing the "Tournament of Roses" game and condemning any semblance of the mercenary in connection with education. That this Dr. Didwithit is more concerned with education than with the finances of the University is indeed edifying in these "dog eat dog" days.

He is truly deserving of his place in Who's Who, because, like all great men, President Didwithit feels kindly toward those over whom he rules. His unconsciousness of self, his regard for students, have won him great popularity. Never has he been known to pass up a student without the very polite and prosaic "Good morning," or "Good evening." He is the soul of Democracy—our unmercenary, unselfish, clear-visioned educator—Dr. Didwithit.

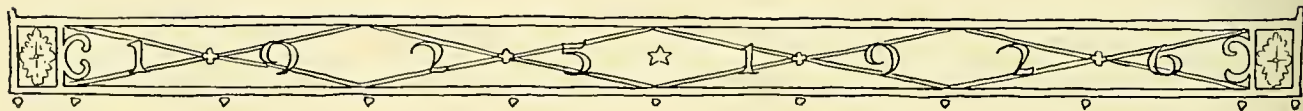

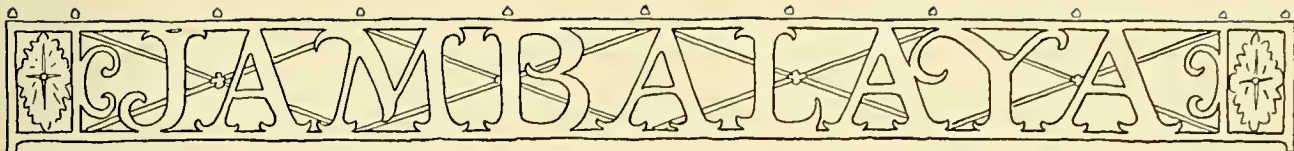

DR. P. BUDLER
Dean of Noocomé

Dr. Budler is a gent of the old school. Gentleman and scholar. Dean Budler is the greatest of all our deans—lover of sports, exponent of large football games, big student affairs, newspaper publicity, modernity, et al. He is the antagonist of the ultra-conservatives. "Take a chance" is his motto.

We all have different ideas concerning the purpose of Noocomé. For the Pharmacy boys it is a convenient place to get a date. The 4:30-5:30 promenade down Broadway seems to prove that its main purpose is to buy up all the antiquated black silk stockings well dressed women will not wear. Another purpose is to supply a beauty section for the annual, which purpose it serves so well. The salient purpose, however, is to get together, elect a student council, and write ten thousand letters about Tulane activities, complaining about ten thousand things, concerning which their knowledge is just too cute for words.

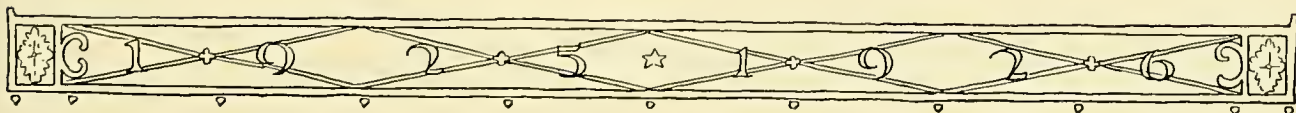

DR. ED. ALBERT BECKIE

Dr. Edwin Beckie, Dean of the College of Arts and Sciences. Another member of Who's Who. Dr. Beckie gained prominence by virtue of being the father of George Curator of the Paleontological Museum.

Like all great men Dr. Beckie understands the ways of Youth and takes a very active part in all student hazings. Each Freshman-Sophomore ducking party, he personally supervises, rooting always for the faction in the fore. Down in history will go the never-to-be-forgotten serenade given Elliot Judd Northrup, played by Kid Harris' Jazz Orchestra and led by the inimitable Dr. Beckie. Not satisfied with just deaning Dr. Beckie also dabbles in Latin.

The purpose of the College of Arts and Sciences, no one, including Jim, the porter, has ever been able to discover. It is generally conceded, however, that next to the College of Commerce, it is the simplest possible way to spend four years and keep one's self-respect. It is also the only course in which one can make Phi Beta Kappa, which fact in itself is sufficient reason for its existence.

DR. MORTY ALLDRIQUE
College of Commerce

Dean Morty Alldrique has more taste in five minutes than all the other deans laid end to end might have in fifty years. He has distinguished himself by selecting two most attractive stenographers. Such a noteworthy departure—the first in history.

The purpose of the College of Commerce is a notorious one. No one ever claimed that it did more than afford a means of spending four years in College—without even allowing the student to keep his self-respect. It is useful, however, in amassing sufficient hours to be initiated into a fraternity or to allow athletes to remain in school.

Its faculty is an altruistic one. Men, who, were they in the business world would be very successful, very wealthy, have given up power and riches for the greater honor, glory and advancement of the science, or whatever it is, of Commerce.

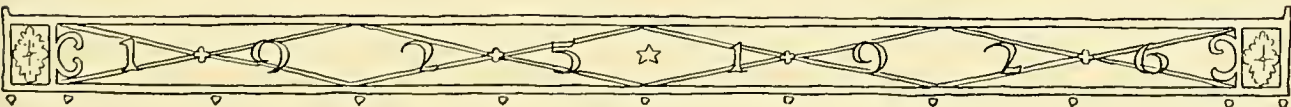

JUDGE RUFFUS FOYSTER
College of Law

The only College in the University in which the Student Body feels that it excels the faculty. It is, to be Arlenesque, the high hat, silk sock division of Toolane.

The professors in the Law School have long since ceased trying to impress their blase hearers with the law, for if those same professors will step out on the front steps, the students will "tell them the Law."

Ruffus Foyster is dean, but who cares—it is the Student Body that seems to count.

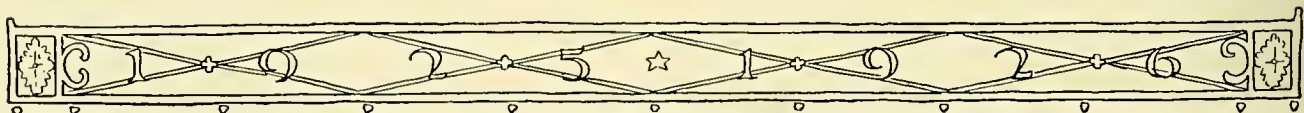

DEAN ANDYSOMME
College of Engineering

Dean Andysomme has endeared himself to the hearts of every Toolane student by his earnest and fervent assistance in the furtherance of college athletics. Never before has a college dean been as interested in athletics. Fifteen rah-rah's for Deany Andysomme!

If the College of Engineering has a purpose it must be to permit otherwise meticulous young men to appear on the avenue in dirty clothes and muddy leggins. Or it may be merely to expose these young men to the difficult and fatal strength of materials, than which there is no worse.

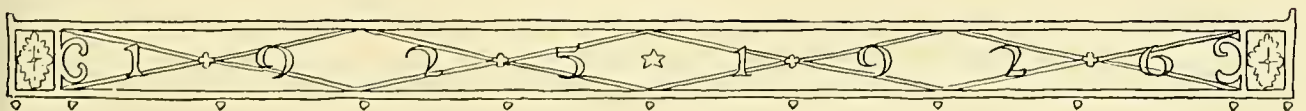

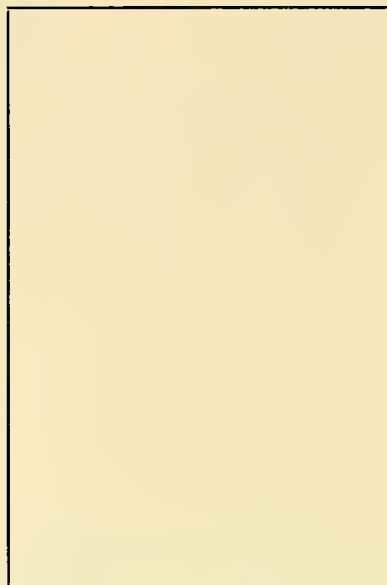

DR. BAHSS
Dean of the College of Medicine

Among other things Dr. Bahss is directly responsible for concocting the most distasteful beverage known to man.

His time is divided into playing with bugs, disciplining students, and posing for illustrations in his own text books. What great good fortune for the Medical School to have a dean learned enough to write a book and handsome enough to pose for the illustrations therein, thus running in accord with President Didwith's policies of economy.

The purpose of the Medical School is a noble one. To turn out neophytic aesculapiuses on a suffering public. Each departmental head is blest with the idea that the sole purpose of a Medical College is to supply other secondary courses to his all-important subject. It is strange just how many most important subjects one may take. Indeed, as many as there are courses in the Medical School. There is one sure way of judging the importance of a course, and the greatness of one's professor and that is by the word of the professor himself. We are therefore forced to concede that the Great Valdu, he of Pathological fame, is the primary reason for the Medical school's existence, and all other courses are secondary.

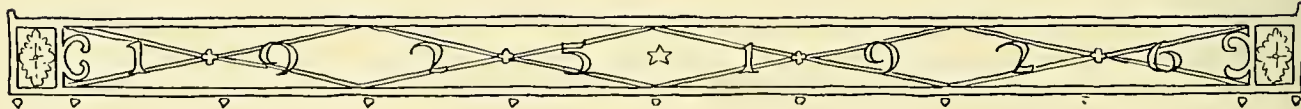

DR. JOHN N. McBYRRD
Dean of the Graduate School

Dr. John N. McByrrd is a bird, and his roost is over at the Library Building, where he and Miss Bell run a side-show to the Arts and Sciences sometimes called the Graduate Department. Dr. McByrrd knows many queer languages, as indeed every professor must, who has to instruct the Tulane student-body; and one of these is Gaelic. It is said that Dr. McByrrd takes a gay lick at the Gaelic every now and then in his classes, but none of the students know Gaelic when they see it—nobody knows whether it is really Gaelic or not. (Note—The report that it is Garlic is not founded on fact and is said to have originated in the Romance Department).

The Graduate Department exists in order—say, what on earth does it exist for, anyway. Or does it exist? Every Saturday you see a lot of school teachers assembling in and around the department, and it is understood that they have something to do with it; and it may be that the Graduate Department really exists in order to afford these ladies an excuse for coming up to the University and seeing if it is true that the masculine gender exists around there; and again it may not.

Teachers in the public schools are said to teach the young idea how to shoot, but it is understood that Dr. McByrrd, with regard to the Graduate Classes, would rather shoot the young idea that he tries to teach. However, so far all he has done in that direction is to quote them Gaelic, but he has hopes!

Note: Dr. McByrrd abhors publicity in any form and would not consent to pose for the staff artist.

As the dancer took his fair partner down to supper she seemed to hypnotize the waiter told to serve them, for he seemed incapable of taking his eyes off her.

At last the dancer could stand it no longer. "I say, waiter," he observed, "what makes you stare so rudely at the lady?"

"It ain't rudeness, sir, believe me, it ain't," replied the waiter. "It's genowine admiration. This is the fifth time she's been down to supper tonight."

The polluted one paused. Then he subsided, suddenly giggling: "All right, as long as they're good snappy ones."
