January 13, 1999

Dear Class of 2003,

I take great pleasure in informing you of your appointment to the first-year medical class at the Tulane University School of Medicine, to enter in August of 1999. I sincerely hope that you will accept our invitation to take your medical training at Tulane and look forward to having you join us.

In order to reserve your place in the class, we must receive, within the next two weeks, written notification of your intent to accept our invitation. At anytime between now and May 15, 1999, we must receive a check, payable to the Tulane Educational Fund, in the amount of \$500; this deposit will be credited against your first tuition billing. Please understand this deposit is non-refundable and should indicate your final decision to attend Tulane University School of Medicine. We ask that should you decide not to attend Tulane, you inform us in writing so that we can maintain an accurate accounting of our class.

I am sure you will understand that your appointment is contingent upon successful completion of the academic program in which you are currently enrolled, and maintenance of the level of academic performance that was part of the basis for your acceptance. A final transcript of your grades must be forwarded to this office as soon as your school year ends.

You will be receiving additional information concerning summer programs, combined-degree programs, and other topics of interest as the year progresses. I and others at the medical school will try to keep you well informed of all important or interesting topics.

On behalf of the students, faculty, and administration at Tulane, I bid you a most enthusiastic welcome. If I can be of service to you in any way, please feel free to call upon me.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'J. Pisano'.

THE OATH OF HIPPOCRATES

I swear by Apollo, the physician, the Aesculapius, and Health and All-Heal, and by God and by whatever I hold most sacred, that according to my ability and judgement, I will keep this Oath and this stipulation - I will look upon those who shall have taught me this Art even as one of my parents. I will share my substance with them, and I will supply the necessities if they be in need.

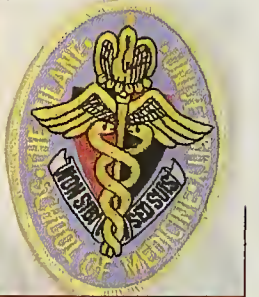

I will regard their offspring in the same footing as my own brethren, and I will teach this art, if they shall wish to learn it, without fee or covenant. I will impart a knowledge of the Art by precept, by lecture, and by every mode of teaching not only to my own children but to the children of those who have taught me, and to disciples bound by covenant and oath, according to the Law of Medicine, but to none other. The regimen I adopt shall be for the benefit of my patients according to my ability and judgment and I will abstain from whatever is deleterious and mischievous. I will seek to inform my patients fully about their illness and prognosis, and will always remember that the final decision regarding their own life rests with the patient. I will regard my patients always as fellow human beings and will do everything possible to preserve their dignity. With purity and with holiness I will live and practice my Art. Whatsoever things I see or hear concerning the life of men in my attendance, on the sick or even apart therefrom, which ought not to be noised abroad, I will keep silence thereon, counting such things to be sacred secrets.

While I continue to keep this Oath unviolated, may it be granted to me to enjoy life and the practice of the Art, respected by all men, in all times. But should I trespass and violate this Oath, may the reverse be my lot.

Class Sponsors

Dr. Cathy Lazarus

Dr. Lazarus is Professor of Clinical Medicine, Assistant Dean for Graduate Medical Education, and Director of the Foundations in Medicine Program at Tulane University School of Medicine. She is married to another Tulane faculty member, Dr. Eric Simon (Department of Medicine) and together they have 2 teenaged children.

Dr. Lazarus received her undergraduate degree from the University of Michigan in Ann Arbor. She attended medical school and completed her internal medicine residency at Washington University in St. Louis, MO. Prior to joining the Tulane faculty in 1994, she was the Assistant Dean for Student Affairs and Director of the Student and Employee Health Service at Washington University. Since coming to Tulane, Dr. Lazarus has worked extensively in the areas of medical student and resident education and student professional development. She is well known to first-year students through the Foundations in Medicine course, and enjoys teaching them again as third and fourth-year students on the internal medicine rotation.

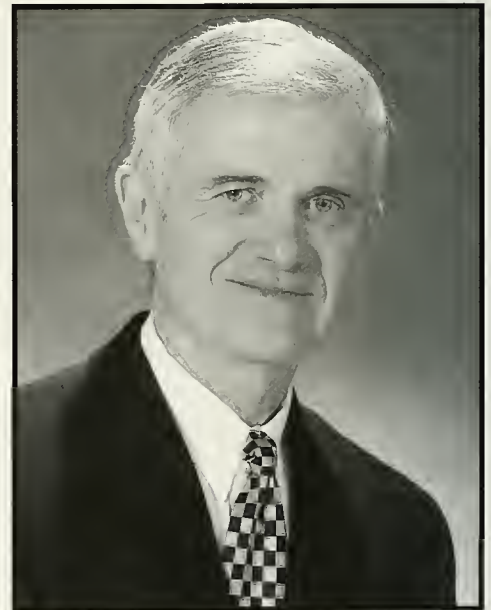

Through the efforts of many students and faculty, she has helped to create the Values in Medicine Program, for which Tulane has garnered a national reputation for leadership in the promotion of humanism, professionalism and reflection for students.

Dr. Lazarus is the proud and grateful recipient of numerous awards for teaching including OWL club awards for Outstanding Attending in Medicine, the Clifford M. Newman Award for Student Advocacy, the Humanism in Medicine faculty award, and the Chancellor's Teaching Scholar award. Dr. Lazarus considers it an immense privilege to serve as a Class of 2003 sponsor, and believes she has the greatest job in the world at the greatest medical school. She thanks all of the students for teaching her something new every day.

Dr. Rodenhauer is currently the Assistant Dean for Academic Counseling Service and the Director of Medical Student Education in Psychiatry here at the Tulane University School of Medicine. He received his undergraduate education at Gettysburg College in Gettysburg, Pennsylvania, went to medical school at Jefferson Medical College in Philadelphia, and completed his residency training at the Sheppard & Enoch Pratt Hospital in Towson, Maryland.

Serving as chief resident there inspired his interest in education and administration, and since joining the Tulane faculty in 1991, Dr. Rodenhauer's enthusiasm has been honored with numerous awards, including many Owl Club Outstanding Teaching Awards and the Gloria P. Walsh Award for Teaching Excellence. He was the first ever recipient of the W. Clifford Newman Award for student advocacy (which he had the distinction of receiving twice), Tulane's AOA Medical Education Contribution Award, and the Tulane School of Medicine Chancellor's Teaching Scholar Award.

From helping us physically into our coats at our White Coat Ceremony to helping us understand and fill our role of physicians in those white coats, Dr. Rodenhauer has been at every step of our journey. Although we are saddened by his retirement this year, we are truly blessed to have had the opportunity to work with and learn from the best! We want to thank him for always being there to support and encourage us and we wish the best in your retirement!!

The White Coat: 4th Year

Cha-cha-cha-changes

Is it no longer part of the uniform; a hawaiian shirt with your scope will suffice unless. . .

. . . you are "dressing to impress" the underclassmen?

Is it deep within the closet, never again to see the light of day, still with a full compliment of MRSA and VRE?

Does it have a terminal case of ring-around-the-collar?

Do you even know where your coat is, or what it's been up to?

You Know You're At Home In New Orleans When...

1. You no longer worry about being below sea level.
2. You can not only say Tchoupitoulas, but you can say it without laughing.
3. You consider reinforcing the attic floor so you can store more beads up there.
4. You begin to think that purple, green, and gold look good together.
5. You think of streetcars and ferries as transportation, not entertainment.
6. You know who won the most recent Tulane-LSU game.
7. You go to Pat O'Brien's and don't order a hurricane.
8. You know exactly what you are going to eat on Monday and every Monday after that.
9. You are no longer shocked when someone advises you to "suck the heads and eat the tails."
10. You don't think twice about being called baby or honey by perfect strangers.
11. You're not afraid when someone wants to "axe" you.
12. You are no longer alarmed to find baby dolls in your cake.
13. You learn to swallow the baby dolls without letting anyone know.
14. You consider it an honor, on certain occasions, to have cabbages or coconuts thrown at you.
15. You always look both ways before going through a green light.
16. You "make groceries", not buy them.
17. You don't think twice about walking outside with a beer in your hand.
18. You cannot remember the last time you heard the words "last call".
19. You think a ten foot ceiling is rather low.
20. You drink Dixie instead of singing it.
21. You can navigate without ever making a left turn.
22. You no longer giggle at the idea of a grown man being named "Dutch" or "Moon", or "Bubba".
23. You no longer expect the long hot summer to be only three months long, or four months, or five months, or six.
24. You get on a bus marked "Cemeteries" without a second thought.
25. You have discovered that those four-inch-long cockroaches can fly, but have decided to retain your sanity anyway.
26. You've finally mastered the art of hitting a cockroach with a shoe just hard enough to kill the cockroach but not to ruin your carpet.
27. You do not think about spinach when you see the word "Popeye's".
28. You have considered the free wedding at the Chicken Box for purchasing 1,000 pieces of fried chicken.
29. Your favorite football team wins four games in one year and you are exhilarated by the great season.
30. You pronounce Milan with the accent on the first syllable.
31. You know the coffee is going to have chicory in it, but you order it anyway.
32. You stop referring to places in relation to compass points and start referring to them in relation to water.
33. You think "lagniappe" is the prettiest word in any language.
34. You know that living anywhere else in the world would be very sad.

Nicole Rogers,
Associate Editor

Kelly Vallance, Co-Editor

We would like to thank the following . . .

Thanks to **Pat Scheussler** in the SEC for love, support, soda, and candy -- the four basic food groups of the yearbook staff diet. Thanks to **Trip and Bruce** of **IT Services** for helping us maintain the fab computer upstairs. Thanks to **Tulane Photography Services** for begrudgingly giving us senior head shots (\$50 research fee, my ass). Thanks to the **boys on page 136** for making the Most Likely list (kindly direct any hate mail their way). Thanks to **Dr. Sandor Vigh** for the temporary loan of a keyboard due to an unfortunate Diet Coke incident. Thanks to **Dr. Pisano** for letting us in. Thanks to the **National Residency Matching Program** for getting us out.

Thanks to Tulane Medical for four great years. We learned more than just medicine.

David August

Congratulations David August! The little boy who examined his sister's ears is now allowed to.

Love, Mom, Dad, Becca, Kevin, Matt, Jen, and Ari.

John Bliznak

Your mother and I are extremely proud of you, and we both wish you the best throughout your life. You have been the (almost) perfect son and are sweet, gentle, caring, loving, and smart. We will always love you, Leland, Kelley, our beautiful Victoria, and the rest of your family.

Adam Bowman

Adam,
We are so proud of you and all of your accomplishments. You have always lived your life with the utmost integrity and determination. Keep your morals and values always and please know what an honor it has been to be your parents.

Love,

Mom & Dad

Joe Byrne

Joe, you made it! We always knew you would achieve your dreams.

Love, Mom & Dad

Like the warmth of the son
And the light of the day
May the luck of the Irish
Shine bright on your way.

Catherine Cleland

Caté,

You are amazing! Surely, Jeremiah 29:11 is true for you. May you continue to walk in grace and truth. We are so very proud of you.

Love,

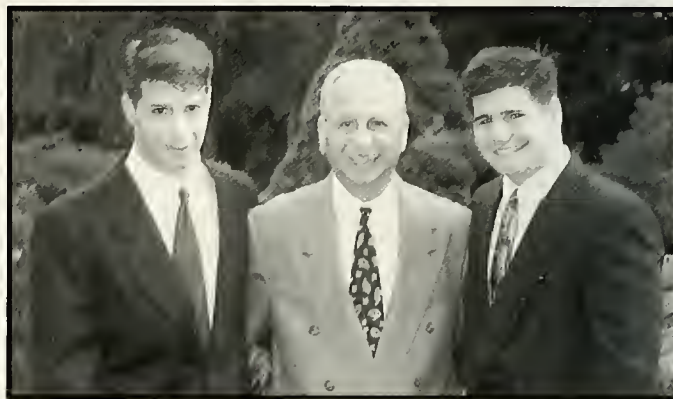

Mom and Dad

Mike Cordone

The profession we choose begins within ourselves. We all walked the path of our choosing and we are proud to call you Dr. Mike.

Dad & Tony

Mike Cordone

"Auntie, when I grow up I'm going to be a doctor and take care of grandma and grandpa Cordone and everyone else."

Jeff Dan

We are so proud of you for achieving your goal. The polka dot tie worked. We wish you all the best as you begin your life as a physician. We know that you will be as caring a doctor as you are son, brother, grandson.

Love,

Dad, Mom, Jonathan, Grandma

Scott Ferreira

Scott:

Remember the words of your English teacher? She was right. It was a long road, with many accomplishments to be proud of, as we are and now the one of M.D.! We know this isn't the last of your accomplishments but certainly a most important one. Congratulations, with all our love.

Mom, Dad, & Trish

Callie Downing

**Yeah, Callie!!
I'm SO proud of you!**

**Love,
Mom**

Stephanie Eldridge

We, the family of Stephanie Diane Eldridge, wish to express how proud we are of her accomplishments. She is a lovely young lady, who has set tough goals and has worked hard to accomplish those goals. We wish her good luck, as she continues her endeavors, and success in them all.

Stephanie Eldridge

Stephanie,
You've come a long way! We are extremely proud of you and your accomplishments. Your hard work and determination have contributed to your great success. We're with you all the way and so is Daddy; He's been with you all the while. Love You Always,
Mom & The Girls

Mandy Evans

Mandy, Mandellenberg, Cat Woman, Baby-Doc – We are all so proud of you! With your enthusiasm, dedication and wonderful personality, you will be an excellent psychiatrist. It helps being a little wacky too!

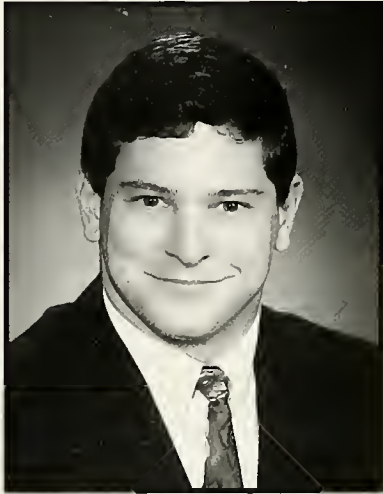

**Love,
Mom (Darla M.D.), Dad (Saucerboy), and Scott**

Andrew Forgash III

Dear Drew,

Our heart-felt congratulations on achieving your dream! The long and twist-ed road to this dream has been achieved by your determination and tenaciousness alone. We are so proud of you. Please know our love and support are with you now and forever. Be your best.

MOM and DAD

Mike Friel

Dear Mike,

Congratulations! We are so very proud of the fine man that you have become. Your determination, hard work and compassion for others will serve you well. May God Bless you, and guide you, as you start your life long dream.

All our love,

Mom, Dad,
Brian, and
Maureen

Eddie Gordon

Eddie,

You have always aimed high –
You’ve done it one more time!
Your grandfather would be proud of you and so are we!!

Mom and Dad (Ian and Ofelia Gordon)

Cecilia Gambala

Lord, thank you for everything. Thank you Cil, congratulations! For your strong determination, patience, endeavor. We are proud of you; we love you; our thoughts are with you forever; our prayers and hopes in your profession. Take good care of those under your care. Your loving and caring family,

Mom, Dad, & Gerald

Richard Matern

RICHARD,
YOU’VE BEEN A GREAT SON!
YOU’LL BE A GREAT DOCTOR!
LOVE,
MOM & DAD

Aimee Hanson

Aims,

CONGRATS to you on this day of awesome accomplishment!! When you set yourself a goal, it's a done deal!! I am SO proud of you – your work ethic, perseverance and dedication.

AND you are a number one, terrific, UNIQUE young lady!! Lucky patients who get you as their doctor!!

Love,
Your Meemaw

Portia Harris

Dear Portia,

We are very proud of your accomplishments. May you have a wonderful and rewarding career in medicine. May God continue to bless you.

All our love,
Mom & Dad

Kelly Hoskins

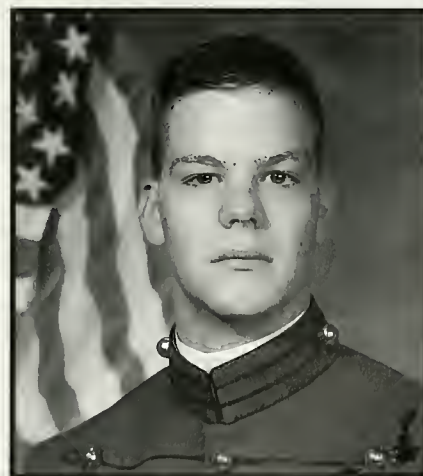

Kelly,

Congratulations! You deserve the very best life has to offer. You have worked so hard. To say that we are proud is an understatement. Angels surely must be guiding you as you travel through life.

Love,
Mom, Dad, and family

Eddie Hulten

Gordon Hulten: Born for success he seemed, with grace to win, with heart to hold, with shining gifts that took all eyes. (Ralph Waldo Emerson)

Zac & Josh: Spagetti Eddie – Your better than the rest, I guess we will have a doctor who drinks with the best.

Mom, Andy, Angela – Congratulations! We are so proud of you and we love you very much Doc!

Chris Karsanac

You have always known what you wanted to do with your life. We are very proud that you have succeeded this far and wish you much success as you reach your goal.

**Love,
Mom & Jack**

Esteban Marten

1. Felicidades hijo y amigo, companero del mar y de la selva y ahora del quirofano. (su padre)
2. Spread your wings and fly, my son. (your mother)
3. Ya se porque hay estrellas... Congratulations, Master and remember... Every day in every way, you're getting better and better. (your sister)

Chris Karsanac

Before you were born I wished for a son.
My wish came true and then started the fun.

From Karate to Soccer you grew so fast.
I kept up with you awhile but knew it wouldn't last.

I knew you would succeed cause I just had a feeling
My second wish came true, now you are
healing.

One Proud Dad

Jennifer Leveque

Dearest Jennifer,

It was not long ago that I held you in my arms and rocked you long after you had fallen asleep. I remember fondly the years of innocence, school, exams, driving tests, budding romances, disillusionments, and finally the realization of your dream.

I know how much courage, work, and focus it has taken for you to reach your goal. I am so proud of you for what you have accomplished. Many lives have been improved because of you and many more will benefit in the future. I want you to know that in good and bad times I will love you and that no matter what you do or how you think, you can depend on my support, guidance, friendship, and love every minute of every day.

I love being your mother and I love you.

-Mom

Steve Levine

Dr. Steve-
For 25 years
(less 3

have worked
for this. Now
that you have
arrived, use it
well and wisely;
with humor
and compassion.
We can proudly say,

Lily Love

Lily Love is all around wonderful. She has integrity, intellect, and a great sense of humor.

She is perceptive, kind, and excels at whatever she attempts. She is a true friend.

Wherever Lily is, she makes everything and everyone better off than before.

As her mom, I get plenty of undeserved credit for how well she has turned out, the real secret is, she was born wonderful!

Camilla Lyons

So many years of effort,
So much talent,
So much tenacity,
So much caring for others less fortunate,
So many experiences.....
Just one more step along your wonderful journey to inevitable success.

Congratulations Camilla.
We are so proud.
Margie and Peter

Cindy Mullen

Cindy,
"You are not me and you don't know what I like." May you always know and be true to yourself. The world's a better place with you in it.

With much love and admiration,
Mom

John Naylor

In addition to your music & medicine
An unknowing matchmaker you have been.
Proud are we of your many accomplishments,
Tenacity and hard work have earned, hence,
May health, happiness and good luck follow you
Along with the title you wear anew.
Congratulations Galore!
Dr. John G. Naylor
Love, Mom and Wayne

Stacey Richman

Dear Stacey Lauren,

This day you will recite the Hippocratic Oath, and become the first Physician in our family.

At your "White Coat" ceremony, four years ago, you and your fellow classmates were asked to coin a word about your future aspirations, and what a Medical Degree would mean to each one of you in the future.

You walked up to the podium, and without a doubt in your mind, you poignantly said the following two words: "dedication" and "devotion". Since that day, you have demonstrated in your studies and with your patients exactly that.

You have demonstrated an incredible sense of what is right and what is not. Your conduct as a medical student, the respect you definitely deserve from both your patients and your professional staff, show all the evidence of how important these simple, yet meaningful words emanating so easily from your lips to you now and then.

Stacey Richman

We, your parents, are certain that the "coinage" of those two words will follow you the rest of your personal and professional life.

Your future patients will receive the quality of care they deserve, simply because, everyone you have ever helped to treat, you have regarded as "people", and not just as "patients". This is a very rare gift, indeed.

Stacey Richman

Those two prophetic words, uttered by you four years ago, "devotion" and "dedication" you have demonstrated repeatedly.

We are thankful to have a daughter as wonderful, intelligent, feeling, and accomplished, as you, are.

We are certain that now, and in the future, you will forever add to that pride and joy.

We rejoice with you today, our emotions will be evident as you recite that ancient oath, so meaningful, so hard worked for, and so deserved.

We are positive that you will forever add to that pride and joy!

With Everlasting Love,

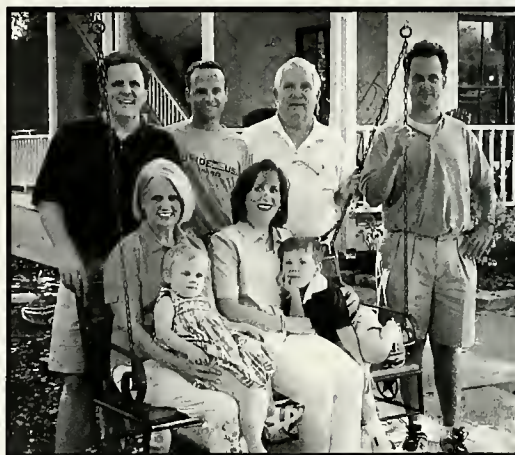

Mom & Dad

Brannon Raney

Brannon:

You did it! We are so proud of you and admire your tenacity. We wish you the best in the field of medicine that you choose and know that there will be some grateful folks out there who call you doc!

Mom, Dad, Daniel, Amy, Steve, Carson & Alexander

Brigitte Rolfe

Congratulations! We're very proud of you and your accomplishments. You've exceeded our expectations and aspirations. You're a beautiful, intelligent woman remarkable in character and qualities, inspiring in thoughts and ideas with a loving and genuine heart. Imagine, life without that backpack! "Brava Bella...Ti Vogliamo Bene."
Mama and Papa

Amir Shirmohammad

To our son, Amir:

We are truly grateful to have you in our lives because you are such a kind, caring, wonderful, and intelligent person.

We are so proud of you and everything you have accomplished. We love you infinitely and we are always here for you.

Amir Shirmohammad

Amir,
We've all had the pleasure of watching you grow and accomplish so much and we're very proud! Your kind, caring, cheerful personality is truly an inspiration.

Thank you for always being a strong support for Stephanie. We're confident in your continued success and wish you all the best.

Love,
The Eldridge Family

Mike O'Brien

MIKE O'BRIEN

CONGRATULATIONS, MICHAEL. WE'RE SO PROUD OF YOU AND ITS OUR GOOD FORTUNE TO HAVE YOU AS OUR SON. WE WISH YOU ALL THE BEST, DR. O'BRIEN, AND LOVE YOU VERY MUCH.

MOM & DAD

Keith Peacock

Stand tall Keith and be proud because you have earned it. We wish you enough of all life's treasures to keep you truly happy. May you always be challenged by your work and use your knowledge and dedication to make a difference in people's lives.

**Love Always,
Mom & Dad**

Paul Poommipanit

Mary Watson

Dearest Mary,

Your strength and resolve have earned you the privilege of practicing medicine; your understanding and loving spirit will make you a fine doctor. We are all so proud of you.

Dad (MD), Michael (MD), David(MD), Joe (MD), and Mom (just mom).

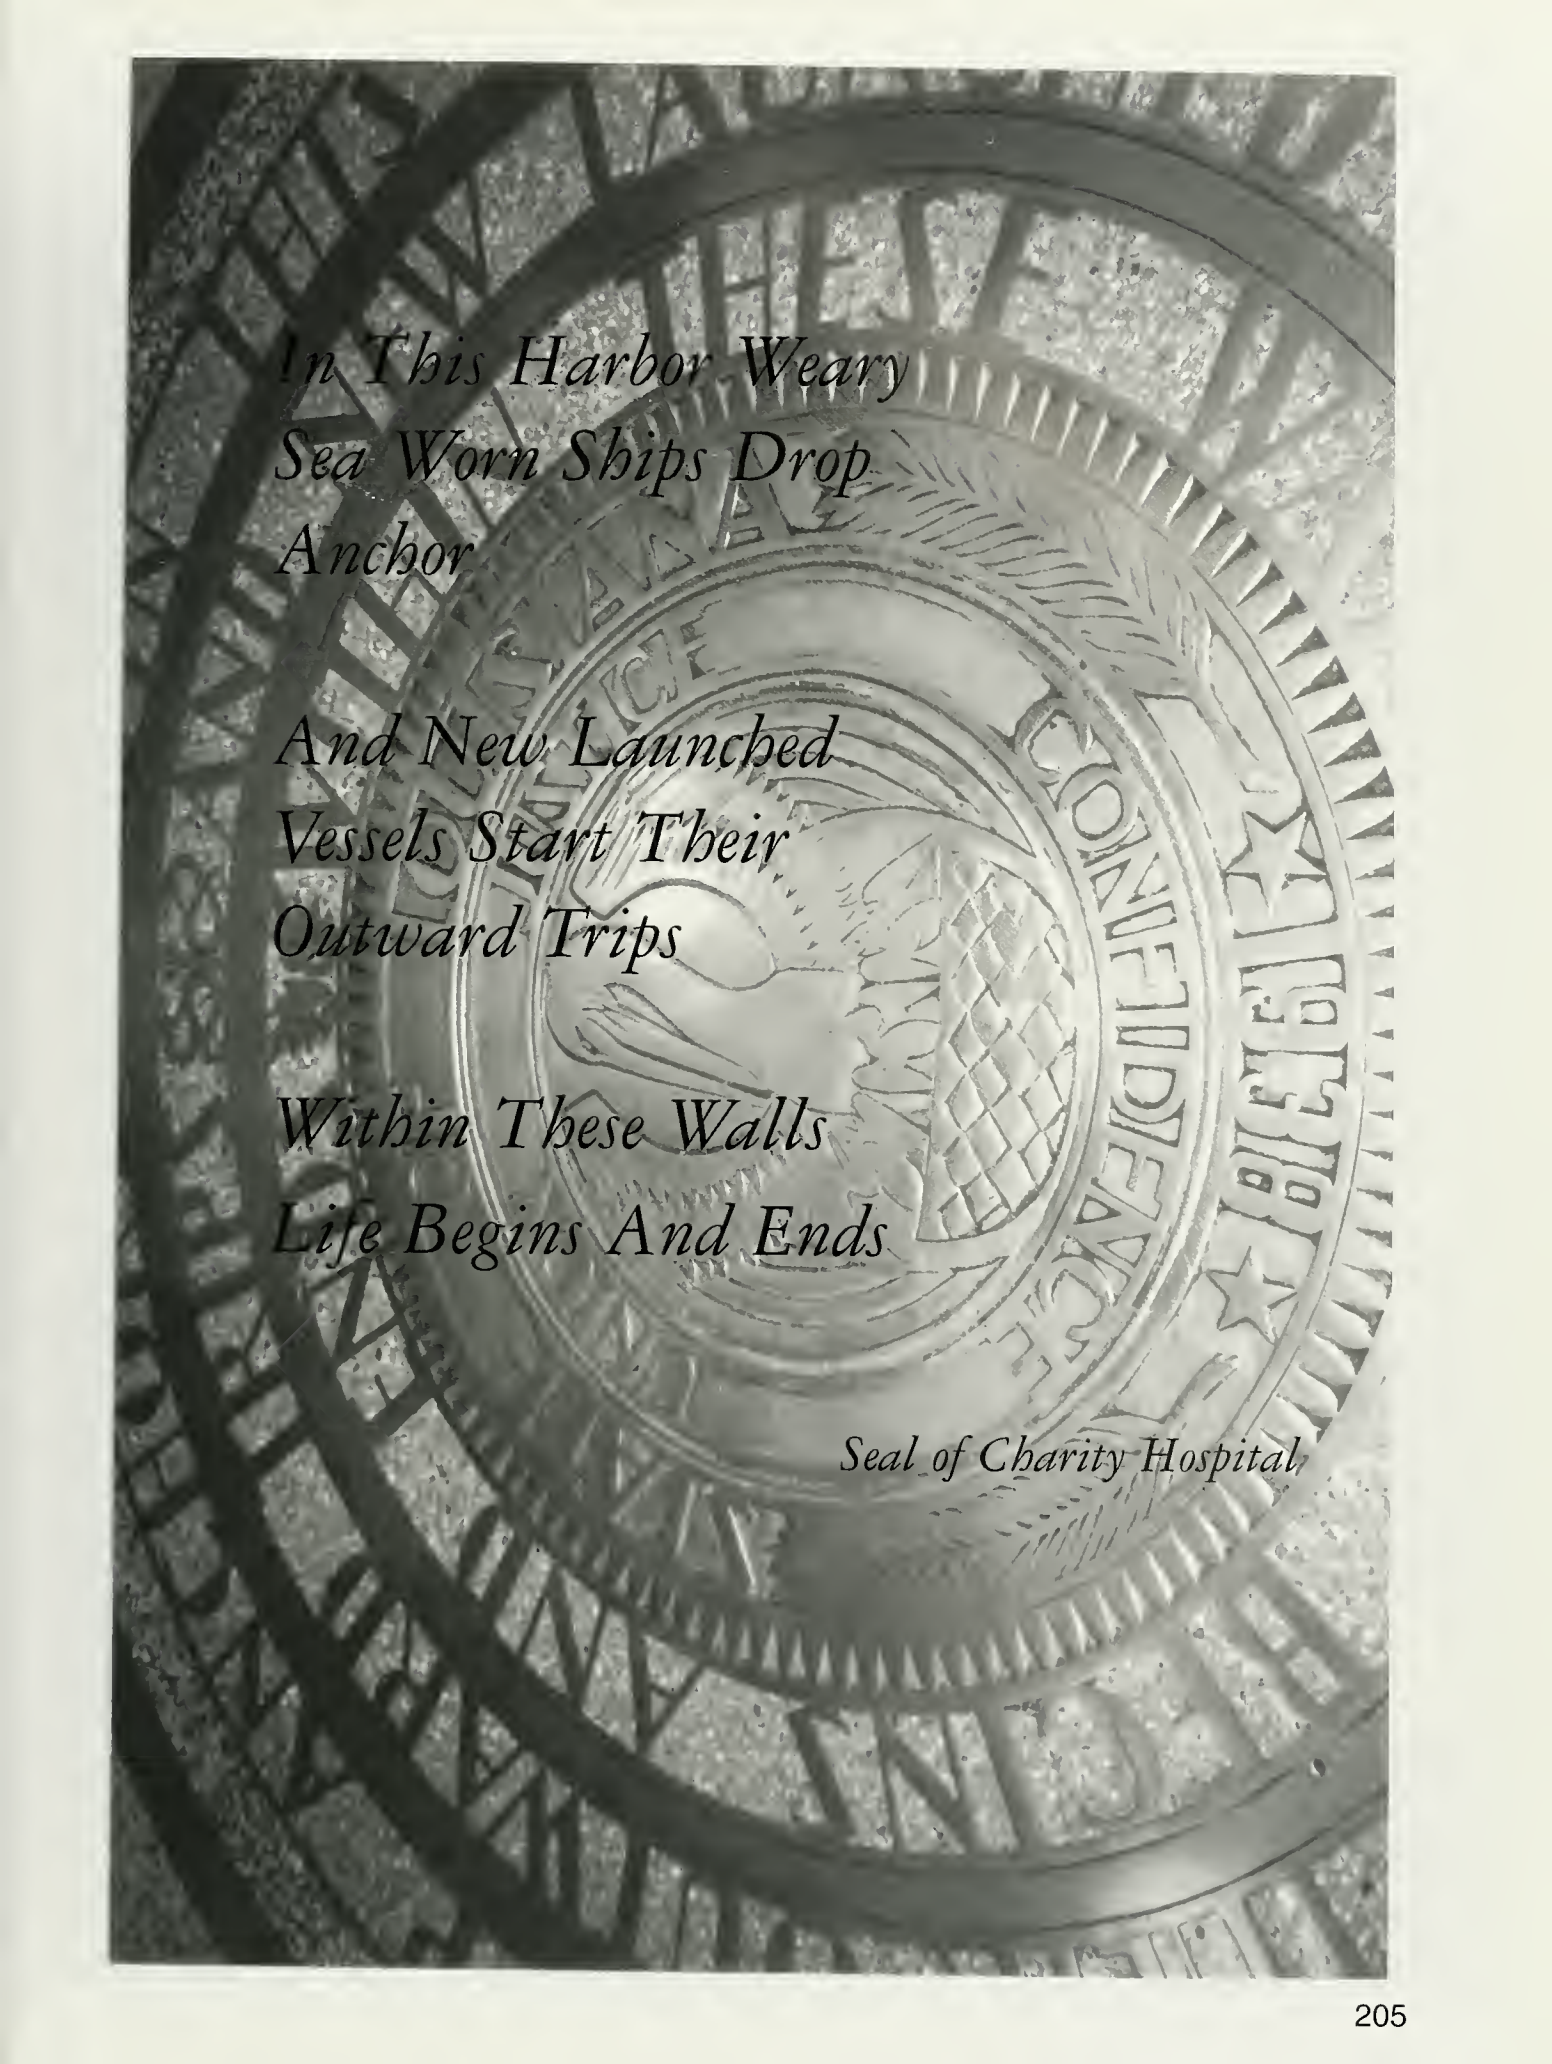

Jesse Wild III

Jesse – We love you and are so proud of you. Your tender heart, generosity, and compassion have made you a loving son, brother and husband and patients will be blessed to be in your care. We pray for God's continued abundant blessings in your life.

All Our Love,
Dad & Mom

Can you guess the mystery riders?

The background of the page is a large, circular seal of Charity Hospital. The seal features a central figure, possibly a dove or a similar bird, surrounded by a circular border containing the text "SEAL OF CHARITY HOSPITAL". The seal is rendered in a light, monochromatic style, blending with the overall grayscale aesthetic of the page.

Roche

We Innovate Healthcare

From Research to Real Life.

We all dream of doing big things.

Solving important problems.

Making a difference. Improving lives.

*Transforming these dreams
into reality requires ambition,
creativity, and a company like ours to
help put all the elements together.*

Roche is a leader in preventing, diagnosing and treating disease, enhancing the quality of life for everyone. We invest almost \$2 billion a year in innovative research, and our capabilities combine traditional biomedical science with the latest advances in biotechnology, genetics and genomics. Our investment in research has led to the recent introductions of important new medicines for obesity and flu. And our current pipeline includes advances for treating cancer, osteoporosis and hepatitis C.

Few companies possess the global strength in both diagnostics and therapeutics that Roche enjoys. By forging closer links between diagnosis and treatment, we're leading the way to a new dimension in healthcare – individualized medicine. This approach identifies the best treatment for a specific individual.

And since we understand that every individual is unique, we strive to ensure a diverse environment. Roche encourages creativity and embraces differences in talent, education, workstyle, lifestyle and culture.

Obesity, transplant medicine, diabetes, breast cancer, hepatitis, influenza and HIV – just some of the real life issues Roche is focusing on. And providing solutions for.

Visit our global website at www.roche.com or our U.S. website at www.rocheusa.com.

Expect
bright
ideas.

*Homewood Suites by Hilton New Orleans congratulates the
graduating class of Tulane University Medical Center!*

Homewood Suites by Hilton is proud to support and recognize the achievements of Tulane University's Medical School graduates. The practice of Medicine is fundamentally based upon a tradition of caring for other people. We view the delivery of "Hospitality" in much the same way. As a proud, new member of the Hilton collection of lodging brands in New Orleans, we're delighted to join a family of hotels so committed to raising the "Practice of Hospitality" to a fine art.

We invite students, parents, and the professional community which proudly supports Tulane University's Medical School to stop by and take a tour of our brand new, all-suite hotel. We'd be delighted to help you with group reservation inquiries, meetings, catered events, or special weekend packages. Conveniently located on Poydras, we're just a few blocks away from the Medical School, and are situated in the heart of all that makes New Orleans the special place that it is!

Please let us know how we can serve you!
