

WALKING THE
FINANCIAL
TIGHT ROPE?

THESE ARE CHALLENGING ECONOMIC TIMES. Here at the Louisiana Restaurant Association Self Insurer's Fund (LRA/SIF) for Workers' Compensation, we understand that balancing the responsibilities of your business sometimes can be overwhelming.

We have been the strong safety net of restaurant and hospitality-based businesses for more than 26 years, providing our members with responsive customer service, expert in-house claims management and a stellar loss prevention program. Given our conservative, proven financial practices, we have returned dividends and credits in excess of **\$81.5 million** since 1982—an average of **\$2,152** a year per policy holder. We haven't raised our rate for the restaurant/hotel class in more than 20 years. That kind of consistency is unheard of.

WE HAVE SOLID FOOTING.

LET US HELP YOU GET THE MOST FOR YOUR WORKERS' COMP DOLLAR.
