THEY NEED YOUR HELP TOO

AN APPEAL TO SOUTHERN STUDENTS

A Challenge to the College Student

We are the leaders of the future; therefore we must decide emphatically what we want, and how we will achieve it. Our involvement can not be limited, it must be total. From the Congress of the United States, to the tenant shacks of Mississippi . . . only the youth of today can create a change for tomorrow.

The members of the Student Nonviolent Coordinating Committee have pledged their bodies and minds in an effort to change an isolated Southern society. We have assumed the task, because we realize that, "what we will be, depends upon what we do." We are cognizant that our lives are being decided and we refuse to allow the decision to be relegated. The word "hope" has been excluded from our vocabulary; it is a pretense for apathy. We have refuted the traditional innocence of youth: no man is innocent when suffering exists.

Today's youth must join forces. We must accept the challenge and responsibility, imposed by a segregated society. We Must Act!

We Must Act !

SNCC Needs Summer Workers

This summer can be useful ! Here is an opportunity to work and attack the barriers gripping the nation. It is not merely vacation work; it is a responsibility!

As a summer worker you can advance your academic achievement by gaining practical experience.

The programs for the summer include:

1. Voter Registration
2. Citizenship Schools
3. Community Centers
4. Tutorial Projects

Workshops will be conducted to discuss the problems that will confront you during the summer, and the nature of the political atmosphere in our nation.

A Scholarship Fund will be available for those students who qualify.
