THE NEWSLETTER OF THE LOS ANGELES COMMITTEE TO FREE ANGELA DAVIS

LOS ANGELES COMMITTEE TO FREE ANGELA DAVIS FORMED.

As the New Year came around so did the founding of the Los Angeles Committee To Free Angela Davis (L.A.C.F.A.D.). Due to the immediate need, at the time of Angela's capture, a national committee had to be set up, therefore it was decided that there would be a national committee, and it would be here in L.A.

With the building of the national committee, the building of the Los Angeles committee was delayed. But now the time has come for an L.A. committee to be formed, and it has.

With this in mind, we are happy to announce that the the Los Angeles Committee to Free Angela Davis is in full operation. We now make an appeal to you to come and join us. If you cannot participate physically we are in great need of funds. Now as our goal we say FREE ANGELA AND ALL POLITICAL PRISONERS !!!

400 PEOPLE RALLY TO SAY "HAPPY BIRTHDAY ANGELA".

January 26th, 1971, Angela spent her 27th birthday in jail. Although this was not a happy birthday for Angela, her birthday did not go unnoticed. Thousands of people rallied across the country to say happy birthday Angela, and to show that they would fight for her freedom.

In Los Angeles the day was full of activity around Angela's birthday. At 12:00 noon students and faculty at U.C. L.A. paid tribute to Angela by holding a convocation with the main speaker being Professor Herbert Marcuse. In this event over 1,000 people came in support.

At 3:00 p.m., 400 people then rallied at the city hall in which the speakers assured the crowds that only by the participation of masses of

people will Angela be free.

At the end of the two hour rally, members of the Los Angeles Committee to Free Angela Davis began planning more activities which will be shown on our monthly calendar.

WHY WE SAY FREE ANGELA AND ALL POLITICAL PRISONERS.

Angela is now in jail on the trumped up charges of murder, kidnapping, and conspiracy. Of these crimes, we say she is innocent. The reason these charges exist is because of the honest, open position Angela has on Black people and her political beliefs. Angela had been working on freeing political prisoners before she herself became one. She realized that there were far more political prisoners in this country than people know about. Such is the case of the Soledad Brothers, 3 brothers framed on the murder of a white prison guard in Soledad State Prison. When Angela became involved in the defense of the brothers, a lot of the true nature of this country's prison system revealed itself in an attempt to kill the movement for prison reform, the Reagans, Agnews, and Hoovers have attempted to silence Angela and all those who attempt to correct the wrongs of this society. We cannot forget Bobby, Erika Huggins, Los Siete, the Soledad 10, Cesar Chavez, and all other political prisoners, because their fight is our fight. So we say, "Free Angela and all political prisoners."

PEOPLE BEWARE OF OPPORTUNISTS
IN THE NAME OF ANGELA.

CALENDER

In recent months, many people have risen to the cry, "Free Angela", and many people have contributed to the defense fund. Yet, there are some who use and slander Angela's name for their own benefit. We say to those who are soliciting for money in the name of Angela, it is not helping you, it is only helping the system to maintain its repressive policies. We ask you to be more helpful and work with the Committee but please do not continue to help Reagan legally lynch Angela.

And for the brothers and sisters who are sincere in their wanting to free Angela, beware of those who steal money in the name of Angela. If you would like to know what materials we have for sale or are in doubt about solicitations for money, please contact the Los Angeles Committee to Free Angela Davis.
