CHARTER A SPECIAL COACH

Charter a special, private bus, just like your team does. Divide the cost among your passengers and save over one-half. Make your own schedule, name your own route, leave from the frat house and drive right into the stadium, or to the prom. It's loads of fun—and ridiculously cheap. Just phone for rates.

A LUMNUS, senior, junior, frosh...and all the rest, are going to the games this year in the luxurious comfort of a modern motor coach. Deeply cushioned reclining chairs, clean linen seat covers, porter service, ice water—even radio—help make your trip more enjoyable. And you save enough through low, every day fares to buy your stadium tickets.

Winning teams travel to most of their games over the lines listed below. Frequent departures from centrally located terminals take you over the shortest routes to almost everywhere...veteran drivers take you through those heavy traffic lines during football season in speed and safety.

Well up among the leaders in giving grid followers their money's worth in good games and keeping gate receipts high, the University of North Carolina has arranged this season for a Fulton field cover as insurance against wet grounds.

Whatever the weather during the whole week before the game the Fulton grid cover assures a dry field for play.

The field can be kept covered until a few minutes before the game. Fulton covers . . . easy to handle . . . easy to store.

The noise, folks, is Tulane's Big Green Wave that is splashing and splurging around before they meet the Jackets out here on Grant Field this afternoon. It seems that the Tech game has always caused that Big Wave to froth and foam with all its fury and today's game promises to be no exception.

The rivalry between the Jackets and the Greenies has, indeed, been a colorful one. First one school would win a streak of games and then the other, but every game has always been spectacular, filled with thrills and hard fought. The past few years have found the Green Wave dominating the field, but it seems that the passing of the great Don Zimmerman who, incidentally, about this time last year pulled this same game right out of the fire for Tulane, has left a gap that Coach Ted Cox has been unable to fill. The Flying Dutchman's shoes were mighty big and as yet no one has materialized to fill them quite completely. There is no doubt, however, that we'll see a good machine out there in green this afternoon.

Of course you'll miss the spectacular play of the Don, his bullet-like submarine passes, the tension as he stood poised with the ball, for one could never tell just what he would do. There will be no Nollie Felts to charge bull-like through the Tornado forward wall, nor will there be that great individual player and all-american, Jerry Dalrymple, to cavort in the Jacket backfield, but there will be that same spirit of rivalry, the same eagerness on the part of the players and in addition there will be the Jackets' determination to avenge the defeats of the past few years.

The Greenies have fared badly this fall, but yet we find among their players some of the best in the South. Lodrigues, Robinson, Westfeldt, the Tessier brothers the brilliant Menge, and the rest of their coterie of players with their quick shifting formations and deceptive plays will give the Tornado a full afternoon of entertainment, and despite all the pre-game predictions, it might be too much entertainment for our boys.

As for you Tornado fans, well—it appears that your day has come. The Jackets at last look like a real football team. The Kentucky defeat did not break the team's morale as was predicted, but inspired them to play a spectacular, brilliant and courageous game to down a wrought up Auburn team last week. In other words the boys have faced the test and have marched right through the flames.

Tech has been fortunate. The squad is in splendid shape considering the tough opposition they have already faced. Skippy Roberts, Scarface Phillips, Wink Davis and Sun-Dial Martin will, in all probability, be the starting line-up for the backfield. These boys have shown the goods and their play last week was right at the top of the heap. It's a real pleasure to watch the "big and little of it." Phillips and Roberts, do their ball toting act out there. These two boys are getting to be a real jam-up backfield combination and a dangerous threat to any team as a pass attack team.

Tech's forward wall will be well fortified. The Jackets are blessed with a host of men who have all passed their first stages of line play and can now present an experienced front. Pee-wee Williams, Eddie Laws, Jimmie Slocum and Bob Thorpe have had their praises sung far and wide and there has been a reason for all the singing. There is no doubt about it—the line is plenty good.

The gamblers will favor the Jackets, but those who know say that you just can't tell and—what's more—you can't, not about a Tech-Tulane game!

GEORGIA TECH ALMA MATER SONG

Music by FRANK ROMAN
Words by I. H. GRANATH

Oh Sons of Tech arise, behold!
The banner as it reigns supreme,
For from on high the White and Gold
Waves in its triumphant gleam.
The spirit of the cheering throng
Resounds with joy revealing
A brotherhood in praise and song,
In the memory of the days gone by.
Oh Scion of the Southland
In our hearts you shall forever fly.

We cherish thoughts so dear for thee,
Oh! Alma Mater in our prayer.
We plead for you in victory,
And then in victory we share!
But when the battle seems in vain
Our spirit never falters,
We’re ever one in joy or pain
And our union is a lasting bond.
Oh! may we be united
Till the victory of life is won.

RAMBLING WRECK SONG

Chorus
I’m a rambling wreck from Georgia Tech
And a helluva engineer,
A helluva, helluva, helluva, helluva engineer.
Like all jolly good fellows
I’ll drink my whiskey clear;
I’m a rambling wreck from Georgia Tech
And a helluva engineer.

Oh! If I had a daughter, Sir,
I’d dress her in White and Gold,
And put her on the Campus
To cheer the Brave and Bold.
But if I had a son, Sir,
I’ll tell you what he’d do
He would yell to hell with (Georgia)
Like his Daddy used to do.

UP WITH THE WHITE AND GOLD

By FRANK ROMAN

Chorus
Oh well it’s up with the White and Gold,
Down with the—(red)—and—(black)
Georgia Tech is out for a victory.
We’ll drop our battle axe on—(Georgia’s)—head,
When we meet her our team is sure to beat her,
Down on the old farm there’ll be no sound
Till our bow-wows rip through the air;
When the battle is over—(Georgia’s)—team will be found
With the Yellow Jackets swarming round.

Just one big yell for White and Gold,
And then we’ll raise that banner bold,
A battle flag that can’t be beat.
For—(Georgia’s)—team it means defeat.
We’ll fight like h— for victory;
Pull me down the (red)—and (black)—you see.
For Georgia Tech will win today;
We are all glad to say:
IT IS FITTING . . .

President Perdue Announces Board

Rhodes Perdue
President
National
Georgia Tech
Alumni
Association
1933-'34

As previously announced, the following alumni were chosen as officers of the National Georgia Tech Alumni Association for the term that begins with the present scholastic year:

President—Rhodes Perdue, 1921.
Vice-President—A. L. Loeb, 1913.
Vice-President—(Out of State)
Treasurer—Edw. C. Liddell, 1922.
Executive Secretary—R. J. Thiesen, 1910.

The foregoing officers will constitute the Executive Board together with the alumni appointees as follows: Robt. T. Jones, Jr., '22; Fred Kaufman, '94; G. T. Marchmont, '07; F. M. Sprattlin, '06.

Rhodes Building Fund

It will be recalled that Tech was named as one of the beneficiaries of the will of Mr. Joseph D. Rhodes, and that the bequest was to come from the income of the Rhodes Building and Annex, corner Marietta and Fairlie Streets, Atlanta. One-third of the income to be expended for the education of deserving students at Georgia Tech.

In view of the location of this modern building in the postoffice district, and its reasonable rentals, all of the Georgia Tech alumni and their friends might well give the Rhodes Building a first consideration for such office space and warehouse facilities that they may need or anticipate needing in Atlanta.

PRINCIPAL RULE CHANGES

1933

The only radical change made in the rules for this year is that relating to a ball which becomes dead within 10 yards of a side line. When this occurs, or when the ball goes out of bounds between the side lines, it shall be put in play at a spot 10 yards in from that side line and on a line drawn through the point where the ball became dead.

This is covered by Rule 7, Section 3, Article 7. The definition of clipping has been broadened and now includes blocking by running or diving into the back of a player not carrying the ball, in addition to throwing or dropping the body across the back of the leg or legs below the knees of such a player.

A. SUBSTITUTION
The rule now permits a player withdrawn from the game to return at any time except in the quarter in which he is withdrawn. The old rule required that a player wait for a new half instead of a quarter.

B. PROTECTIVE PADDING
The rules now require all head, knee, elbow and thigh pads to be covered on the outside with some soft substance at least five-eighths of an inch in thickness. This will tend to reduce injuries.

C. THE KICK OFF
Five players of the team receiving the kick off will be required to line up in advance of their own forty-five-yard line. This will prevent the flying wedge that resulted in a number of injuries last season.

1932

D. DEAD BALL RULE
The referee is instructed to blow the ball dead when any portion of the ball carrier except his hands or feet touches the ground. This will prevent piling on and will save many injuries.

E. FLYING BLOCK AND FLYING TACKLE
Players are no longer permitted to dive through the air in blocking and tackling. They will be allowed to leave their feet at the instant of contact, but the long, wild dive is prohibited.

F. USE OF HANDS
Players on defense are no longer allowed to strike an opponent on the head, neck or face with the hands or forearm. This will prevent much of the ill feeling that formerly developed between opposing linesmen.

When in Atlanta for the Games
...stay at THE PIEDMONT!

Watch that old grad with the experienced-traveler-look when he leaves the stands after the game. No hesitation for him. He goes straight to the Piedmont Hotel.

Why? It's an old custom of his when he's in Atlanta, either on business or pleasure bent. He likes the extra touches he finds at this newest and most modern of Atlanta's downtown hotels—the ready abundance of running ice water in every room at the turn of a faucet, day or night; the combination tub and shower bath—radio in every room—everything, in short, that thoughtful modern hotel management can provide for its guests' comfort and satisfaction.

And he knows, too, that the Piedmont's always in the center of whatever's going on—the place where he can find his friends, and they can find him.

Give yourself a break. Take a leaf from the old grad's book. Stay at the Piedmont.

A. M. WILKINS has flown the night air mail over 150,000 miles for TWA. It takes healthy nerves to hang up a record like that!

IT IS MORE FUN TO KNOW
Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand. They are milder, richer in flavor. They never tire your taste or get on your nerves.

WILKINS joins a fellow pilot, W. Niedernhofer, at Newark Airport, for a chat and a smoke. "Camels never ruffle or jangle my nerves," Wilkins says.

STEADY SMOKERS TURN TO CAMELS

A. M. WILKINS, air-mail ace, says: "It's a steady grind, all right, living up to our tradition that the mail must go through! That's why I smoke Camels. And I smoke plenty! Camels never ruffle or jangle my nerves, and I like their mild, rich flavor."

Camels never tire the taste—never get on the nerves. Your taste and your nerves will confirm this. Start smoking Camels today and prove it for yourself.
