Enjoy your cigarette! Enjoy truly fine tobacco that combines both perfect mildness and rich taste in one great cigarette - Lucky Strike!

*Perfect mildness?* You bet. Scientific tests, confirmed by three independent consulting laboratories, prove that Lucky Strike is milder than any other principal brand. *Rich taste?* Yes, the full, rich taste of truly fine tobacco.

Only fine tobacco gives you both real mildness and rich taste. And Lucky Strike means fine tobacco. So enjoy the happy blending that combines perfect mildness with a rich, true tobacco taste. Be Happy—Go Lucky!

Some claim this and some claim that,  
But when all is said and done...  
For full, rich taste and mildness, too,  
Lucky Strike's the one!

A MEDLEY OF

© TULANE UNIVERSITY 1950

A vital part of a nation's health is concerned with nutrition. At Tulane an extensive study of nutrition and diseases caused by food deficiency is underway, involving one of the most basic functions of man—proper utilization of the food he eats. Here, a New Orleans school child with a nutritional problem gets her height and weight checked.

Present eating habits are carefully checked in the first process of correcting nutritional deficiencies. A case history is prepared by a staff doctor of the nutrition division of the Tulane medical school's department of medicine.

A whole family is examined by Dr. Grace Goldsmith, director of the division, (above) who must obtain the past medical record of the two sons from the mother before she can prescribe the future. Below, a Tulane technician takes a blood sample from a patient referred to the division because of nutritional anemia.

Checkup completed, the patient prepares to leave. Tulane physician hands him an envelope of vitamin pills as a supplement for his new, corrected diet. He will return for follow-up treatment.

Tulane nutritionist prepares a controlled diet for a patient in division's metabolic ward (above). Metabolism of the vitamin niacin and the amino acid tryptophan is being studied. A nurse (below) weighs out dietary protein supplement for another patient of the ward.

Dr. Goldsmith and assisting physician check progress chart of a metabolic ward patient on a controlled diet.

Nutritional investigations for the division are conducted in its biochemical laboratory. Here a Tulane biochemist measures vitamin excretion from a patient.

A laboratory technician prepares samples for micro-biological assay of nicotinic acid.

Technician and biochemist set up and check an assay.

## ALMA MATER

We praise thee for thy past, O Alma Mater!  
Thy hand hath done its work full faithfully;  
The incense of thy spirit hath ascended  
And filled America from sea to sea!

We praise thee for thy present, Alma Mater!  
Today thy children look to thee for bread!  
Thou ledest them to dreams and action  
splendid!  
The hunger of their souls is richly fed!

We praise thee for thy future, Alma Mater!  
The vista of its glory gleameth far!  
We shall ever be part of thee, great Mother!  
There thou will be where e'er thy children are!

### Chorus

Olive Green and Blue, we love thee.  
Pledge we now our fealty true.  
Where the trees are ever greenest,

Where the skies are purest blue.  
Hear us now, O Tulane, hear us.  
As we proudly sing to thee!  
Take from us our heart's devotion!  
Thine we are, and thine shall be!

## ROLL ON, TULANE

Here's a song for the Olive and the Blue.  
Here's a cheer for the team that's tried and true.  
Here a pledge of loyalty to thee,  
Oh, Tulane Varsity.  
Here's to the Greenbacks that never will say die,  
And here's to the hearts that are true  
To the men of Tulane, who are fighting for her  
name,  
For the Olive and the Blue.

### Chorus

Roll, Green Wave,  
Roll them down the field.  
Hold, Green Wave,  
That line must never yield.  
When those Greenbacks charge through the line  
They're bound for victory.  
Hail, Green Wave,  
For you we give a cheer.  
Hail Green Wave,  
For you we have no fear.  
So ev'ry man in ev'ry play,  
And then we'll win that game today.  
Hurrah for Old Tulane.
