

# A Confederacy of Dunces

by John Kennedy Toole

Read by Arte Johnson

**I**gnatius J. Reilly is a thirty-year-old, self-proclaimed genius out to reform the entire twentieth century, which doesn't leave him time for an ordinary nine-to-five job! Then one day Mrs. Reilly pushes her reluctant son out of the nest and into the working world of New Orleans - a decision with unforeseeably hilarious results.

ARTE JOHNSON is best known for the hit television show LAUGH IN, for which he received an Emmy. Arte has been a regular on seven T.V. series and has starred on more than 500 shows.
