

Dear Hubma,

May I add my heartiest con-
gratulations to the thousands you have
received on your illustrious son, John
winning the Pulitzer Prize. Your efforts and
determination are truly a great example of a
mother's love. I occasionally watch Tom Snyder's
Tomorrow program and was fortunate enough
to watch the night you were on. Although
I was glad to have seen you ~~on~~ on the local
stations but this was a special treat to see
you on his program. You looked lovely and
charming and used your faith well in good stead.

Wishing you good health and joy

on this very special occasion."

Although I'm was surprised he did not seem
to put you at ease. In fact, I thought he was
attacking us the Devil's advocate.

Congratulations again and being an
inspiration to other Mothers. Love, Delphine
