

Dear Mrs Toole.

Sorry I took so long to return these to you; but had been ill with a rather high fever. I am feeling much better and hope to be well real soon.

The letter from your friend about the flower arrangement was very descriptive and lovely phrased & she is a person who loves & cherishes things of beauty.

Also the critique was well done - and your say has been memorized - I am so happy for you -

Thank you again

Elsa McCay
