Dear Mrs. Zoole,

I am having a marvelous time while here in Houston. The weather is really nice; lots of sunshine so far.

The convention I am attending was well planned. Pre conference entertainment included a classical concert featuring concert pianist Dr. Roosevelt Newsome and vocalist Louis Nabors. The performance by each participant was an excellent way to begin the conference. The audience truly enjoyed the concert.

My best wishes and kind regards are extended.

Athea M. Lawes

P.S.: I will call you when I return home.
