

My Worldview

Boethius! Boethius! Boethius!

My Worldview is the expanse of ocean!

My Worldview is a planet afar!

My Worldview is the river's depth!

My grasp is a shooting star!

Forsooth, no trivial chase for me,
But Dante's "Divine Comedy";

Or, John Milton's "Paradise Lost",

And Geoffrey Chaucer and Ben
Johnson at any cost!

All minnesingers I embrace,

And lutes with their deft troubadours,
Yea, Medieval Times are bright in the
past,

And their spirit still endures!
