

1016 Elysian Fields Ave
New Orleans La., (70117)
June 10th, 1978

Dr. Pierce, quite some time ago I wrote a letter to you asking advice about my son's manuscript, "A CONFEDERACY OF DUNCES". Your reply was prompt, friendly, and advising me to send it to you and you would try for publication. A sudden, serious, and prolonged illness prevented my grateful follow-up.

At present, Walker Percy has sent the manuscript to the Editor of the Louisiana State University Press. I am awaiting his decision.

The remembrance of your assistance will always be a treasured memory

My writing you this letter will afford me the opportunity to inquire if you received a copy of the New Orleans Reviwe previously sent you?

Yours very truly

Thelma D. (Mrs. John) Toole
