

Wetham, March 9. 1841.

Dear Sir!

I this day received your note of the 8th instant, requesting a few single copy, of a certain Special document in my office - The document I have caused to be copied, and herewith send it to you - When the person who made the copy handed it in to me, I did not think to ask him, what ~~the~~ the fee was - You may therefore not trouble yourself about the fee, until I see you.

Respectfully Yours
