Boston, Feb. 10, 1840.

Lewis Tappan Esq.

Dear Sir,

I regret that your letter of the 29th ult^o should have been so unaccountably delayed.

" I did not take the Spanish Consul's deposition, because immediately upon receiving your letter to that effect, the news came of Judson's decision.

I suppose that in order to take his deposition, I must have a commission from the Court, addressed to some magistrate here, or else notice must be given to the adverse party of the time place & purpose &c.

George S. Hillard is a U.S. Master in Chancery, here & a good man.

Will you consult Mr. Sedgwick on this? I have written R. S. Baldwin today, on this matter. "

Yrs truly, Ellis Gray Loring.
