Augusta October 14 1841

My dear sir,

Thou feel a lively interest in the Sanistad negroes from the beginning, and have uniformly cherished the belief that a gracious Providence had some glorious design to accomplish by means of them. I wish that it were in my power to contribute a larger sum towards their restoration to their native land. Unwilling however to do nothing, I send you a \$5 bill for a purpose, and another from a lady who does not choose to have her name mentioned.

With affectionate regards for the other members of your family,

I am very truly your friend & business man,  
B. F. Faxon.
