Yours of the 18th is recd.

I will endeavor to see that the Amistads
are duly provided for. Please write me
what route they will come by - whether
I shall have Carriages ~~at~~ the depot to
take them to their lodgings - whether it will
be necessary that their teacher should
stop at the same place with them - what
arrangement should be adopted about
their seeing Company at their lodgings
&c. &c.
