Dear Kate,

I will send this paper in an envelope for if I send it in a wrapper the postmaster will see that it is from the seal of war and may keep it. It is very hot here , 125 degrees below zero. You can hear what kind of a part we took in the fight of Port Hudson by getting the N.Y. Herald of the 6 of June. We was under General Mitchell.

Mother Chickering; is Kate dead? I wish you would let me know. I have not heard from her but once since last March. The boys are all well. From that place, there was none but shalding and myself in the fight at Port Hudson. There is great rejoicing over the opening of the river and there should be for it is a clear bought victory. Many brave lives was lost. Write if you have not forgot how.

from your affectionate

Harvey
