Mr Badger

Dear Sir

Sometime about a year ago Mr. Gerrish in company with myself called on you and selected a lot in the Cemetery of which you have charge, and you were to send the deed to me when ready and receive the money for the same. The deed has never been sent to me and as I was not prepared to enclose the lot last summer I did not come for it, and having forgotten your name I could not write I should like to have you inform in regard to it, also if you please who would be a good man to get ^{out} the stone to enclose the lot _{over}

I should like to ^{have you} write to me
as soon as convenient and let me
know in regard to the foregoing matter

Yours with respect
H. A. Green
