

Superintendent's Office,

METROPOLITAN POLICE.

New Orleans, La., ..... 187

Dear Father

We have got a baby at our house, a boy baby at that. You can imagine the row about the new arrival + all the rest -

I have no more rights that any body seems bound to respect -

Loggie has been seriously sick but is better -

The newspapers I transmit herewith will give you an idea of the State affairs - Yours affectionately  
In haste  
Alvina
