KUTS UNLIMITED BARBERSHOP

The Dew Drop Inn complex, located at 2836-2840 La Salle Street in Central City, represents one of the most significant music heritage sites in New Orleans. Recent collaboration amongst several dynamic partners has led to the attached proposal for historic renovation, programmatic revitalization, education, and building economic opportunity for local residents.

Sponsorship opportunities outlined on the reverse side of this card show the major costs associated with executing the proposed renovation and reoccupying the site with both historic and new programming. The owners of the Dew Drop property, in partnership with the Milne Inspiration Center and Harmony Neighborhood Development are currently seeking funding to complete this important project, one that builds upon Harmony's existing investments and will be catalytic to further investment on the La Salle corridor.
